

LEAD Conveyancing Melbourne Updates Website with Helpful Tools and Content

November 11, 2022

MELBOURNE, VIC - November 11, 2022 -
LEAD Conveyancing is urging Melbourne property sellers and buyers to visit its updated state-of-the-art website. Readers can find out more about the company?s conveyancing services in Melbourne.

For property owners who are engaging in their first major property transaction in Australia, the updated website offers a ton of helpful resources that help readers familiarize themselves with the conveyancing process. The articles on the website explain the Australian laws governing the conveyancing process, describe the many fees associated with conveyancing, and offer a detailed list of all the specialized documents and legal terms that one might encounter while buying or selling property in Queensland, Victoria, and New South Wales.

The spokesperson for LEAD Conveyancing Melbourne talks about the new content on its updated website by saying, ?We deal with a lot of clients who are not well versed with the laws and legal requirements surrounding buying and selling property in Australia. Regardless of your level of comfort with the legal

process, you can rest assured that we will guide you through every step of the way from the initial consultation to closing the sale. With the newest updates to our website, you can read up on everything that you need to know about our conveyancing services in Melbourne at your own pace. If you are planning on entering the Melbourne property market, we urge you to take some time and go through the several high-quality knowledge resources that we have painstakingly curated. When you are ready to take the next step, contact us, and our highly qualified and experienced lawyers and paralegals will be at your service.?

LEAD Conveyancing?s updated website presents all the relevant information about the company that a Melbourne property owner or buyer might need. The About Us section discusses the company?s mission and talks about the four core values from which it derives its name ? Leadership, Evolution, Authenticity, and Determination. The website also has profiles of all the lawyers and paralegals currently working at LEAD Conveyancing. Each profile offers a short introduction to their personality and lists their educational qualifications and work history.

The website highlights LEAD Conveyancing?s most impressive accolades including the Best Customer Service Award it received from WordOfMouth.com in 2020, 2021, and 2022. Customers can also browse through the several 5-star reviews the company has received over the years on its various online profiles. LEAD Conveyancing also regularly updates the website?s news section with announcements about new hires and new services.

One of the most helpful additions to the updated website is a conveyancing fees calculator that lets visitors get a free quote for the company?s services in under 30 seconds. The quote calculator offers different options based on whether the client plans on buying property, selling property, transferring property, or having some contracts reviewed. The quote encompasses all possible conveyancing costs including search certificates, disbursements, council fees, body corp fees, and others.

The website also has two custom-built tools that can help those considering buying or selling property to estimate their total expenses and sale proceeds respectively. The Expenses Calculator tool helps buyers determine the expenses they would have to incur on top of the purchase price. This ensures that they have enough money to complete the sale upfront and still have enough to live afterward. The Sale Proceeds calculator helps property sellers find out their expenses due to the sale and helps them ensure that they have enough money to settle it. Both calculators are available as downloadable Microsoft Excel files.

LEAD Conveyancing Melbourne provides expert property conveyancing services at three locations in Australia - Brisbane, Melbourne, and Sydney. The company is a certified member of PEXA (Property Exchange Australia) that handles every property conveyancing need including property transfers between

related parties, standalone contract reviews, and standalone contract drafting. The company promises fixed fees with no hidden charges, a host of additional services if the need arises, and nighttime and weekend contract reviews by appointment.
