Best Offer OKC Sees 45% Rise In The Number of Homeowners Selling For Cash

October 18, 2022

Oklahoma City, Oklahoma - October 18, 2022 -
Best Offer OKC stated that there had been a 45% rise in the number of homeowners willing to sell their homes for cash in Oklahoma City. One reason is the increase in the number of people wanting to exit the real estate market.

Oklahoma City, OK ? When a homeowner thinks, ?hey, I want to sell my house fast, OKC?, they often hire a real estate broker to handle the sale. However, most real estate brokers will not help owners of so-called ?ugly? homes sell. That?s because these homes are tough to sell since there are almost no buyers; they know who is willing to risk it. Plus, an MLS listing does not do much to move the needle, either. That?s why companies like Best Offer OKC have noticed an uptick in the number of homeowners that want to sell for cash.

Best Offer OKC reported a 45% increase in the number of homeowners willing to sell their homes for cash compared to the same quarter last year. One reason cited in the report is that many people are exiting the market, either because of the economy or because their financial situation may have changed. Regardless, Best Offer OKC has said they continue to make fair cash offers, with quite a few deals closed within the past week alone.
