

Margarita Man Houston Is Offering Its Well-Known Margarita Machine Party Rentals in Houston

October 24, 2022

October 24, 2022 - PRESSADVANTAGE -

Margarita Man Houston, considered by many to be the best margarita machine rental company in the city, is offering affordable high-quality margarita machines for rent for parties, get-togethers, and special occasions across Houston. Further details about the entire lineup of the company's machine rentals and available mix flavors can be found on its website at <https://themargaritamanhouston.com/>.

Margarita Man is the largest and most established supplier of frozen drink machines in the nation. Founded in 1984, the company is known for its gourmet frozen cocktails and organic flavorings. Living up to its tagline that says, "America's Frozen Margaritas," the company offers its award-winning margarita machine mixes and margarita machine rentals nationwide through its network of franchisees. A local franchisee spearheaded by Uriah and Ali Dailey, Margarita Man Houston is the official partner for the company in the city of Houston. Margarita Man Houston offers the same Margarita Man mix that is sold to restaurant and bar suppliers all over the United States. Houston residents placing orders at the company get to enjoy the same high-quality machine rentals that have made Margarita Man's products a staple fixture at social events throughout the years.

Margarita Man Houston offers two margarita machine rentals ? The Basic and The Grande. The Basic serves anywhere from 75 to 100 guests. It is a single-flavor machine that holds 5.5 gallons at a time. The \$149 rental includes one free drink concentrate, 50 8 oz cups and straws, and 1 salt rimmer and salt combo. The Grande serves 50 guests and up to 75 people with a bartender. It is a double bowl machine that holds 6 gallons at a time. The \$189 rental includes two free drink concentrates, 100 8 oz cups and straws, and 2 salt rimmer and salt combos. The prices may change based on machine availability, seasonal demand, and party location.

Margarita Man Houston says it understands that often parties can go on for much longer than they were planned for and may have many more guests than were initially invited. To ensure there is enough margarita mix for everyone, the company will leave additional mixes with the customer. After the party, it will only charge \$25 for the opened concentrates and the unopened ones get returned.

Upon delivery, the company?s representatives offer a demonstration of how to operate the margarita machine and set it up so that the first batch is ready to go. Margarita Man Houston does not charge a cleaning deposit for the rentals and just asks customers to turn off the machine when the event concludes.

The company charges no delivery fee if the destination is within 25 miles of its location?s zip code, 77381. For deliveries over 25 miles, it charges a \$40 premium. The company does not deliver to locations over 30 miles from its offices. The company can also make available servers for large events for an additional charge upon request.

One Margarita Man mix makes approximately 60 to 75 8 oz drinks. The company claims that its mixes are 2 to 3 times more concentrated than store-bought mixes and thus offer a greater value per dollar. Margarita Man mixes are known for their use of pure cane sugar instead of the lower quality high fructose corn syrup, the former of which makes it taste noticeably better compared to other brands and substitutes.

Margarita Man mixes are available in a wide range of flavors including Lime, Strawberry, Lemonade, Mango, Peach, Watermelon, Sour Apple, Tropical Punch, Hurricane, Mai Tai, Pina Colada, Feelin? No Pain, Goombay Smash, Rum Runner, Blue Raspberry, Dreamcicle, Mudslide, Cola, Cherry Bomb, Sangria, and Frosé. The mixes pair well with an assortment of alcoholic beverages such as Margarita, Daquiri (Rum), Vodka, Champagne or Wine, Kahlua, and Whiskey. Some of the flavors also work well as milk smoothies.

Readers can find contact information for Margarita Man Houston and read through the company?s many 5-star reviews by heading over to its Google My Business profile. Those interested in renting a margarita

machine in Houston or surrounding areas are encouraged to contact the company directly or book online.
