

Windshield Replacement Company in Sugar Land TX Explains How to File an Insurance Claim

October 24, 2022

October 24, 2022 - PRESSADVANTAGE -

Unity Auto Glass of Sugar Land, a leading auto glass company based in Sugar Land, TX, wants car owners to know that they can provide some helpful information with regards to filing an insurance claim for the services they provide, particularly with auto glass repairs and the replacement of windshields. Furthermore, those who believe they can't file a claim because they think they don't have auto glass coverage in their car insurance, are also encouraged to file a claim because many car owners were sometimes surprised to discover that windshield repairs were at least partially covered as long as the problem was not caused by their negligence.

Ty Turner from Unity Auto Glass of Sugar Land says, "We have it from our own experience that a large number of our customers for windshield repair or replacement services usually find out that the service is at least partially covered by insurance. There are actually only a few car insurance policies that don't include some auto glass coverage and many even include full coverage. Thus, it really makes sense for us to advise our customers to contact their insurance company as soon as possible after their vehicle has suffered auto glass damage or when they noticed a significant crack on their windshield. They have nothing to lose and a lot to gain when they make the effort to contact their insurance provider."

They want to emphasize that making an insurance claim for auto glass repair or replacement is quite simple and insurance companies often make a decision quickly because the amount involved is relatively small. And for those who are in a hurry to have their windshield repaired or replaced, they can pay for it and have it reimbursed later on. Filing an insurance claim in Texas usually starts with a call to the insurance company and then submitting the necessary documents. A zero-deductible auto glass coverage option is also available in Texas and those who have it will not need to pay any extra costs for the windshield replacement or repair.

Meanwhile, it makes sense to have the auto glass repair or replacement done by Unity Auto Glass of Sugar Land because of the excellent reviews they have been getting from their customers. For instance, Jerry Tilman said, "If you need your windshield replaced, this is the company to go with. My windshield was replaced quickly and for a price I could afford. Communication and planning with the company was smooth. Lee was very professional and thorough on the install. Recommended!?"

In another highly positive review, Tony Ray said, "Best price I found for my Tesla. Dealing with this local company sure beat dealing with the 800 number companies. No haggling, and same day service. Professional."

Ty Turner says, "At Unity Auto Glass of Sugar Land, we take great care in making sure your windshield or side glass is replaced correctly and efficiently. Our technicians are trained to use the most up-to-date replacement methods and the best materials. For the best in automotive glass service, new or used glass, and value, you can rely on us to get the job done right the first time. And we know we are on the right track when our customers provide us with highly positive reviews. Naturally, we welcome all kinds of feedback from our customers. That is how we know if we are doing things right or not. We would like to thank our customers who have taken the time to give us some feedback."

It is important to note that a car's windshield does not only allow clear vision for the driver to ensure safe driving. It also plays an important role in the structural integrity of the car, which is why they encourage car owners to have their windshield checked by a professional if they notice even a small crack. People who are interested in learning more about filing an insurance claim in Texas for windshield replacements and auto glass repairs can visit the Unity Auto Glass of Sugar Land website or contact them through the phone or by email. They are open from 8:00 am to 5:00 pm, from Monday to Friday.
