

New York City Uncontested Divorce Lawyer Juan Luciano Explains The Meaning Of Uncontested Divorce

October 19, 2022

October 19, 2022 -

New York City uncontested divorce lawyer Juan Luciano (https://divorcelawfirmnyc.com/new-york-uncontested-divorce-lawyer/) releases a new article that explains the meaning of uncontested divorce in New York. The lawyer mentions that an uncontested divorce happens when a couple is able to address matters regarding their divorce amicably. New York is a no-fault state which means that couples do not need grounds for ending their marriage.

According to the New York City uncontested divorce lawyer, ?An uncontested divorce in New York is when both spouses are able to reach agreements about the many different issues that need to be resolved before their divorce can be finalized.?

The lawyer explains that the different issues that a divorcing couple needs to address include child custody, child support, parenting responsibilities, spousal support, division of property, and division of debts. A couple must fulfill specific residency requirements in the state of New York in order to divorce. This means that one

of the spouses must have been a resident of New York for at least two consecutive years before the divorce.

Attorney Luciano also explains that a couple does not have to rely on the court system to intervene and impose responsibilities in the case of an uncontested divorce. The couple may be able to reach a level of compromise that they can work with as long as they can come to an understanding between themselves.

In the article, the divorce lawyer mentions that once the spouses have reached an agreement, the settlement agreement will be drafted and incorporate what the couple has agreed upon. The agreement will then go to a judge who will review the agreement and approve it unless the agreement seems unfair to one of the parties.

Furthermore, attorney Juan says that an uncontested divorce can be less time-consuming, less expensive, less emotionally fraught, and more private. An uncontested divorce requires less involvement by attorneys and the court. Less involvement of the attorneys and the court can help the couple truly work out their issues and differences to their own advantage.

Lastly, the NYC divorce lawyer explains that it is important to seek the help of an experienced lawyer when it comes to matters like divorce and child custody. A skilled lawyer may be able to help the client understand their rights and responsibilities in the case and may help to ensure a favorable or fair outcome.
