

EPS Landscaping & Tree Service Offers Services in Southwest Ranches

October 26, 2022

Pembroke Pines, Florida - October 26, 2022 -
EPS Landscaping & Tree Service LLC, a company located in Pembroke Pines, FL, is happy to announce that they offering their services in the Southwest Ranches, a town located in Broward County and a suburban community that is part of the Miami metropolitan area. Southwest Ranches is located only 22 miles northwest of Miami and it is unique in that it is made up of three contiguous areas, although they are in close proximity. The community got its name from the many horse ranches that are found in the area. EPS provides various kinds of services, such as tree trimming, lawn care, landscape design, tree installation or removal, and irrigation and pest/weed control.

Greg O'Connell, co-owner of EPS Landscaping & Tree Service LLC, says, ?We are a family owned and run business with over 20 years experience in the industry. We pride ourselves in servicing the South Florida Tri-County area for all lawn care, landscape design, tree trimming, tree installation or removal, irrigation and pest/weed control needs. We have striven to build a company which provides service of the highest quality, pays particular attention to detail and keeps the lines of communication with our clients open, honest, clear, and concise. Our mission at EPS Landscaping & Tree Service LLC is simple We value your time and money. We will do everything possible to ensure you are satisfied with the services we provide you on a

timely, professional and courteous manner.?

They offer a wide variety of tree services, including tree removal, tree trimming, tree care, and tree planting in Southwest Ranches. Tree removal is a necessity when a tree is ill or dying and also when the tree has grown too large and has become a risk to property and human life. They can also offer irrigation services, such as sprinkler system repair and installation. They can also provide landscaping, which can be subdivided into landscape installation, pool landscaping, tropical landscaping, sod installation, hardscaping, retainer walls, landscape maintenance, and commercial landscaping. Also available is lawn care, where they offer lawn mowing, commercial lawn care, lawn maintenance, and lawn insect control. They also ensure that grass cutting and lawn trimming are performed properly such that the grass will remain green and healthy. The lawn will also require fertilization. Fertilizing the lawn will make sure that the lawns are thick and attractive.

Tree services are often necessary in Southwest Ranches because trees provide a natural way to keep the home cool in view of the subtropical climate of Florida. Trees can also make the yard look refreshing and attractive. However, it takes some expertise to properly install a tree in a yard, which is why tree professionals will usually provide some help in various tasks, such as determining the kind of trees to plant in a specific location. Relocating a tree may also be needed when the client has to move to a new home. This will also require the expert services of a tree professional. And removing a tree may also be required when a tree has grown too large and too near to electric power lines or a building, or if it has been damaged by a storm.

EPS Landscaping & Tree Service has been providing lawn care, tree services, and landscaping in the Broward County area, especially in Pembroke Pines, for over 20 years. They are always focused on providing their services at affordable prices while making sure that they always provide the best quality services. Their services are made available to various locations in Broward County, such as Southwest Ranches, Coral Springs, Hallandale Beach, Deerfield Beach, Dania Beach, Hollywood, Pompano Beach, Pembroke Pines, and Fort Lauderdale. They always make sure that they are providing honest estimates and a reasonable price.

Those who need tree services or landscape design in Southwest Ranches and in other areas in Broward County can check out the EPS Landscaping & Tree Service website or contact them on the telephone or through email. They are open from 8:00 am to 6:00 pm, from Monday to Friday, and from 8:00 am to 3:00 pm on Saturdays.
