

Cats Exotics - Adds Lamborghini Cars To Its Collection

November 24, 2015

November 24, 2015 - PRESSADVANTAGE -

Cats Exotics, a business that specializes in luxury cars based in Lynnwood, WA, has now added Lamborghini cars to its collection. They have been able to source ten different Lamborghini cars and interest has already been high. Anyone interested in purchasing this exotic, luxury vehicle is recommended to contact the company very quickly.

"We specialize in luxury and exotic vehicles and the Lamborghini is perhaps the most luxury and exotic of them all," says a representative from the sales department at Cats Exotic. "We currently have ten different models in our inventory, and they are going quickly. However, our motto is 'if we don't have it, we can get it', so should we sell out, interested buyers can still contact us with their needs."

The company has been in business for over 20 years and they are a favorite dealer for customers all across the country. This is the first time they have Lamborghini cars for sale. The vehicles range from a 1983 Lamborghini Countach LP5000S to a 2013 Lamborghini Gallardo LP 550-2. This also beautifully shows the development this fantastic vehicle has gone through over the years.

The business' commitment to uncompromising quality in luxury, high end and exotic vehicles has been greatly appreciated by their many customers. "I finally got a chance to stop by this dealership," says Jimmy

Carlson. "The selection of cars is staggering.... These are cars that you rarely get to see up close (usually because they are speeding by you). They also have a selection of classic cars that are within everyone's budget. The staff was really cool and helpful. You can tell that they love what they do. I will be making many more visits, they don't mind if you just want to take a look around (just don't touch). It's so cool to have a dealership like this in Lynnwood."

Exotic cars are in high demand, but most people feel that they can never afford them. Cats Exotic has excellent finance options in place as well, which can be applied for online. They encourage everyone to take a look at their collection and see what is available.
