Cypress, Texas-based Torkay Event Services has established a solid reputation for providing all the rental items that are necessary for even the largest parties and events. The company began in1992 as a small DJ service that recognized an opportunity to expand into an all-inclusive event rental provider. The company has since caught the attention of several wedding planners in their North Houston area and now more wedding planners than ever are taking advantage of its large event rental services. Company owner Cameron Torkay said, ?We will work very hard to provide you with a great rental experience, whether you're having a small backyard birthday party or a large community event. Our team is especially experienced in helping plan and execute stylish and memorable weddings and wedding-related events. We pledge to work with you or your designated event coordinator to do our part to help make your special couple?s wedding an unforgettable experience. That?s why we are swiftly becoming the go-to event services provider for wedding hosts and planners in the Cypress, TX area.?

Torkay stated that he and his team earn the repeated business of their loyal customers by providing a high level of communication and customer service. He and his staff realize that weddings can be very stressful for

the couples that are getting married and those that are planning them, so they like to do their part in keeping that stress to a minimum by promptly answering any questions or concerns that their customers present to them, strictly adhering to the agreed-upon delivery and setup schedules, and keeping wedding hosts and planners updated on all the particulars that pertain to an upcoming wedding, reception, bridal shower, or rehearsal dinner.

The company owner added that it also helps that they have accumulated a very large selection of important wedding support items that party planners and hosts can choose to rent for their events. This list includes many table sizes and shapes, as well as the appropriate number of chairs to accommodate them. He says that they also carry various decorative table and chair linen covers in a range of colors to choose from, including styles with attached bows. The company also offers a range of outdoor tent rental options to keep attendees covered and safe from the elements, including wind and sun.

The company's goal is to be the one-stop wedding rental shop for its clientele. Reaching this goal includes providing some of the best and most experienced wedding DJs and entertainers in the area for the occasion and being able to help with catering a wide variety of tasty foods and hors d'oeuvres. They can even set up special lighting and sound systems for a wedding along with being able to lay down a sizeable dance floor. He stated that those that need bartenders or other support staff can arrange with them to have these provided too. Torkay Event Services can even set up Hand Wash Stations, Toilets, and Trash Disposal equipment for large, well-attended outdoor events. Cameron Torkay said, ?We will go out of our way to accommodate every reasonable wedding item request that the wedding planners and hosts that use our reputable event services ask of us.? He even mentioned that they don?t just provide rental items for the actual wedding and reception either. They can also supply the necessary rental items for such wedding-associated events as rehearsal dinners, bridal showers, bachelor or bachelorette parties, and other important ceremonies to help make them fun and enjoyable too.

Wedding planners are now turning to Torkay Event Services for help because of the large number of glowing reviews that have been left by people that have used their wedding rental services. Misi Crawford said, ?We used Torkay Event Services for my daughter's wedding. They were great to deal with and always got back to me immediately when I had questions and were so patient with my changes. They have a large selection of items to rent.?

A 5-star review left by customer Kurtis Maricle stated, ?We hired Torkay Events this past weekend for my daughter?s wedding in Houston. We could not have asked for more from an event rental company. They had excellent communication and execution on all their rentals and services. We have already handed out a few of their cards to guests.?
