

Detroit Dumpster Rental Company Bolk Dumpster Offers Online Booking

November 09, 2022

November 09, 2022 - PRESSADVANTAGE -

Detroit-based waste disposal company Bolk Dumpster offers convenient online booking options so customers can reserve a bin on the go or from the comfort of their homes. Those seeking a Detroit dumpster rental for residential or commercial purposes are encouraged to visit the company website to view available sizing options and schedule a delivery.

Owner Enzo Bolk founded his company in 2020 with the mission of providing cost-effective and reliable services to customers in the Detroit metropolitan area. "We want to make it as simple as possible to reserve dumpster rentals so our customers can focus on the task at hand instead of on how they're going to clear away the waste," Enzo said. "With the added support of our heavy-duty containers, you can clear out a job site, clean up your garage, or keep a home improvement project on track in a safe, efficient way."

The company is thrilled to offer online booking for the ease and convenience of its customers. Using any smart device, customers can navigate to the company website, click on the "Dumpster Rental" tab in the menu bar, browse through available container size options, then click "Book Now" next to the price point. Customers will then be prompted to input their service type (residential or commercial), choose the delivery drop-off date, then click the "Checkout" button to begin finalizing their reservation. Customers will then input contact, billing, dumpster placement, and any pertinent information about the type of waste being removed before digitally signing the terms and conditions agreement. Users will then submit payment using any major credit card and complete the checkout process.

The customer will then receive a confirmation email with a digital copy of the receipt and signed agreement. One of the Bolk Dumpster staff members will be in touch leading up to the delivery date to confirm a drop-off window that works best for the customer.

The company makes note that while its heavy-duty open-top bins are equipped to contain and haul away a

range of waste, including yard debris, construction materials, furniture, appliances, and other garbage, there are certain items that are prohibited from being disposed of in local landfills. Prohibited items include, but are not limited to, gasoline, motor oil, asbestos, pesticides, medical waste, liquid paints, and any flammable or hazardous liquids. The company is available to discuss prohibited items in detail for those interested.

Bolk Dumpster offers a range of container size options to best suit residential and commercial efforts, including 10-yard, 20-yard, 30-yard, and 40-yard. The 10-yard begins at \$320 for up to eight days of rental time with two tons of waste disposal included in the base price. The 20-yard begins at \$370 for up to eight days of rental time with three tons of waste disposal included in the base price. The 30-yard begins at \$420 for up to eight days of rental time with four tons of waste disposal included in the base price. The 40-yard begins at \$510 for up to eight days with up to five tons of waste disposal included in the base price. Additional days and extra tonnage are available for purchase at \$10 per day and \$50 per ton.

The company offers delivery to Detroit and surrounding areas, including Grosse pointe, St. Clair Shores, Sterling Heights, Clinton Township, Dearborn, Troy, Hamtramck, Highland Park, Ferndale, Royal Oak, Warren, Roseville, Eastpointe, Hazel Park, Center Line, Harper Woods, Oak Park, Southfield, Madison Heights, Pontiac, Dearborn Heights, Rochester, Farmington, and other neighborhoods. Those seeking dumpster rentals outside of the listed area are encouraged to contact the company directly to see if arrangements can be made for an additional minimal fee.

Interested parties can book online using the company's online scheduling system or get in touch with staff members to make a reservation via phone or email.
