L.L.C. said, ?At Big Blue Dumpster, our philosophy is simple: we strive to earn our community?s business by treating each and every one of our customers fairly. We provide the best services at the most competitive rates you?ll find anywhere in Kentucky. We are locally based and managed, and what that means is that when you call us to rent a dumpster, you are talking to someone who knows the area well and can understand your needs. Whether you are doing a yard cleanup or a full house renovation, you can rest assured that Big Blue Dumpster has what you need.?

Big Blue Dumpster Co. L.L.C. offers three dumpster sizes for rent. The smallest option is a 15-yard dumpster

that is 13.5'L x 7.5'W x 4.5'H, can hold the equivalent of seven pick-up truck loads, and comes with one ton of waste disposal in the base price. This dumpster is recommended for smaller jobs. The second option provided is the 20-yard dumpster, which measures 13'L x 7.5'W x 6'H and can hold 10 pick-up truck loads. Finally, the company's largest option, recommended for major jobs like construction and full renovations, is a 30-yard dumpster that has the dimensions of 16'L x 7.5'W x 8'H, includes three tons of waste disposal in the base price, and can hold more than 15 pick-up truck loads.

Across all three options, Big Blue Dumpster?s pricing is inclusive of seven days of rental time, taxes, pickup and drop off, so there are no hidden costs anywhere in the process. To extend the rental time, the company charges a small $25 per day fee, and for any additional weight to be disposed of, it is $70 per ton. All three dumpsters can be easily booked via the company?s website.

While the company is based out of Lexington, its normal service area covers the following cities as well: Richmond, Winchester, Berea, Nicholasville, Georgetown, Waco, and Irvine.
