Customer Heather Kaba remarked on the company?s willingness to take things to the next level with a positive rating published on the company?s Google listing. Heather said, ?Amazing! Beyond great customer service and response. I was needing a dumpster rental the same week and they made it happen with very little work on our end. They made it easy and effortless. They were informative and up front about everything we could and could not put into the dumpster (per county dump regulations) so we didn't have any surprises. Very competitive prices. We would highly recommend them and use them again if we need their services. Thank you!?

Another positive review highlights the pristine condition of the dumpster and the company?s helpful customer support. Satisfied customer Jill Jordan said, ?I can't say enough about this company! They are so easy to work with and accommodating. One thing I was surprised about was that the dumpster was freshly cleaned out and very well maintained. I had set up a weekly rental for a dumpster, and unfortunately, it rained nonstop. I called the office and the company was so understanding and willing to work with us so we could have extra time to actually use it! Another amazing aspect is the value of price for the service. We called 11 other places and not only was this the best deal, it was also such a great place to rent from. They have our service for life!?
