AIMM's Open House for Prospective Students Announced

November 29, 2022

Duluth, Georgia - November 29, 2022 -
Atlanta Institute of Music and Media (AIMM), an accredited music college in Duluth, GA, has announced that their Open House for prospective music performance and music production students has been scheduled for Saturday, December 3, 2022, at 12:00 pm. For this occasion, there will be live performances from current students and faculty members, including sample courses in: Instrument-Based Courses (Guitar, Bass, Keyboard, Drums, and Vocals); Audio Production; Surround Mixing; and Studio Performance. Those who intend to attend the Open House should RSVP at https://www.aimm.edu/openhouse.

AIMM offers two kinds of degrees, which are the Associate of Applied Science in Music Production and Audio for Media and the Associate of Applied Science in Music and Technology. They also offer various certificate programs, such as: Certificates in Music Production, Certificates in Music and Technology, and Performance Certificates. They offer both in-person and online classes, including lab instruction, practical application instruction, and live clinics featuring the most popular producers, innovative engineers, and music industry professionals.

For those interested in online degrees, there are Online Certificates in Music Production and Online Certificates in Music and Technology with a focus on guitar or bass guitar.

The Associate of Applied Science in Music Production and Audio for Media Program is designed for students who are looking to improve their technical skills through intricately developed courses for enhancing their recording and engineering abilities. They offer an instructional environment that enables students to develop both their practical and technical skills and acquire new skills for advancing their musical aptitude for music production.

AIMM offers an Associate Degree in Music and Technology with a Guitar Concentration, Bass Concentration, Drum Concentration, Keyboard Concentration, or Voice Concentration. Students will be fully immersed in a

non-stop musical atmosphere. This program can be completed in 18 months of accelerated studies, 24 months of full-time enrollment, or 30 months of ¾ time enrollment. More information about the degrees offered can be gathered at https://www.aimm.edu/aimm-degrees.

Meanwhile, the goal of the Certificate in Music Production Program is to help students get the required education to further improve their engineering and recording abilities. Specifically, this certificate program provides the student with the skills and knowledge to become a professional sound engineer. Students are taught the recording processes of tracking, mixing, editing, and mastering for analog and digital music production. AIMM also provides students the chance to become AVID Pro Tools Certified.

Students of the Certificate in Music and Technology program are provided with the instructional environment needed to develop their musical and technical talents and gain the skills to enhance their musical aptitude and gain knowledge in recording, performance, and engineering.

AIMM also offers a Music Performance Certificate with a Concentration in Bass, Drums, Guitar, Keyboard, or Voice. In this program, the students are provided with the required instructional environment for developing both their musical and technical talents to make them into professional performing artists. The Performance Certificate curriculum involves class and practical application instruction, live clinics featuring the most well-known and innovative engineers, producers, and music industry professionals in today?s industry, and audio and video computer lab instruction.

Established in 1985, the Atlanta Institute of Music and Media had the vision of achieving excellence in contemporary music and media arts education with the primary goal of providing a positive, rewarding, and fulfilling student experience. AIMM?s President, Nite Driscoll, strives to offer top music instruction and further develop the talents and knowledge of intermediate and advanced students. In 2008, they expanded their offerings by including recording arts as a program of study.

Those who would like to know more about the curriculum at AIMM can check out their website or contact the school at https://www.aimm.edu/admissions/admissions-contact. Admissions can be contacted Monday to Friday, from 10:00 am to 6:00 pm.

To attend the Open House on Saturday, December 3, 2022, at 12:00 pm, RSVP at https://www.aimm.edu/openhouse.
