*November 25, 2022*

AVENTURA, FL - November 25, 2022 - PRESSADVANTAGE -

IMHO Reviews released an article highlighting this year's Black Friday and Cyber Monday deals on stock footage sites, audiobook services, language learning apps, and online learning platforms. Audible is one of the services featured on the list. According to the article, until the end of 2022, Audible is offering its subscription at a discounted rate of \$5.95 per month for the first 4 months. The regular price of an Audible subscription is \$14.95 per month.

Audible is a popular audiobook service that was founded in 1995 and went public in 1999. It offers a large selection of more than 500,000 audiobooks in different categories, such as Biographies & Memoirs, Business & Careers, Children's Audiobooks, Computers & Technology, Health & Wellness, History, Literature & Fiction, Money & Finance, Relationships, Parenting, Romance, Science Fiction & Fantasy, and Teen & Young Adult.

Audible has two subscription plans - Audible Plus and Audible Premium Plus. The Audible Plus plan costs

\$7.95 per month and includes unlimited access to the entire Plus catalog of audiobooks, podcasts, guided wellness, Audible Originals, and more. The catalog includes thousands of titles, and new ones are being added regularly. Audible Premium Plus costs \$14.95 per month and includes everything that Audible Plus does and also 1 Audible credit (or 2 credits for Prime members) that can be exchanged for 1 title from the full Audible library. Both plans offer a 30-day free trial.

"Audiobooks have become extremely popular in the last decade. And when I think about audiobooks the first service that comes to mind is Amazon's Audible. It has one of the biggest libraries among its competitors. The app is very user-friendly and overall, Audible is an excellent service. Sure, it's not very cheap, but it's worth it for sure. Plus, unlike many services that only allow you to borrow books, Audible actually lets you keep all the books you download even after you cancel your membership," said Vitaliy Lano, the owner of IMHO Reviews.

An Audible 60% discount will be available to members until December 31, 2022. Members can get a subscription at a price of \$5.95 per month for 4 months, and after that, the price will be \$14.95 per month. This deal also includes 1 credit each month to redeem one audiobook.

"If you've been thinking about getting an Audible subscription, now is a good time for that. The deal is very good this year: you get \$9 off each month for 4 whole months. And you can cancel your membership anytime," explained Vitaliy.

IMHO Reviews listed members' favorite Audible titles that include "Atlas of the Heart: Mapping Meaningful Connection and the Language of Human Experience" by Brené Brown, "Atomic Habits: An Easy & Proven Way to Build Good Habits & Break Bad Ones" by James Clear, "I'd Like to Play Alone, Please?" by Tom Segura, "Sparring Partners" by John Grisham, "The Seven Husbands of Evelyn Hugo" by Taylor Jenkins Reid, "It Ends with Us" by Colleen Hoover, Harry Potter series by J.K. Rowling, and others.
