USA Jumps's commitment to ensuring customer satisfaction and providing high-quality party rentals has earned it great praise. Previous customer Kay's 5-Star Google review said, "Delivery was prompt. They had everything set up and ready to go on the day and time they said they would. The bounce house was very nice and clean. When the kids arrived at the party and saw the big giraffe, that's all they could talk about! Along with the bounce house, I rented a table and chairs as well all for a great price. My one-year-old's 1st birthday party was a success because of the help from this company! Will recommend this company to everyone and will be using USA Jumps again!?"

In another review, Arianne writes, "We used the Dinosaur water slide from USA Jumps this past weekend for our kids' birthday parties, and it was great! The slide itself looked brand new. You could tell they clean them really well. The guys who came to set up and take down were very friendly and respectful. This company even went above and beyond to swing by again to drop off the mats so that we could use the slide dry for the first day and then take the mats out to use it wet for the second day. I highly recommend this company. And specifically the dinosaur slide is amazing. It was fun for all ages!?"
