

Lake Travis Party Boat Rental With Captain Available At Good Time Tours

December 13, 2022

December 13, 2022 -
Good Time Tours, based in Austin, TX, a pontoon boat rental company where customers can hire a Lake Travis party boat rental with captain, releases a new article talking about how renting a captained party boat is the safest, most fun way to party on Lake Travis. Good Time Tours understands the importance of having a captained party boat to ensure that guests are safe, see the best spots to swim and hangout, and be able to relax and enjoy the trip without having to worry about steering, navigating, or dealing with technical issues.

?For those looking to host a unique and memorable event such as a bachelorette party, bachelor party, birthday party, corporate event, or simply looking for a fun outing, a captained party boat rental on Lake Travis can provide a one-of-a-kind experience that partygoers will never forget,? says Captain Kris with Good Time Tours.

The captain explains that most people want to get the credit of hosting a fun boat party but want to have fun themselves, which is why it?s advised to rent a party boat with a captain included. They are highly highly

trained and experienced in boating and navigation, so they can help safely navigate the waters and avoid potential hazards. They will also take care of all the details of operating the boat.

Captain Kris discusses that many of his clients are not from Austin, Tx so they are not familiar with where to go on Lake Travis and how to navigate it. Party boat captains are able to provide valuable insights into the local area, including the best places to go, the best times to visit, and any potential hazards or restrictions that customers should be aware of. A boat captain can help maximize the trip enjoyment, whether that means helping find the perfect party spots like Devil?s Cove or Starnes Island or taking a sunset cruise.

Good Time Tours says that their boat captains understand party boat passengers are looking to have a good time, first and foremost. As a result, passengers will find their captain to be helpful and friendly at all times, even going so far as to help with the loading or unloading of passengers and any personal belongings they may choose to bring on board. Once the boat sets out, passengers can rely on their captain?s knowledge of the area to find out what the best spots to explore are. Lake Travis is beautiful and has many sites that warrant a visit, and experienced captains know how to find them all.

Further, thanks to their boating experience, they will know exactly how to troubleshoot any mechanical issues that crop up during the trip, saving the party the stress of delays or having to wait for help to reach them. They can identify potentially inclement weather conditions and act accordingly to ensure the safety of the boat and all its passengers. Should a situation arise that is outside their ability to handle, they will also know how to get in touch with emergency services as quickly as possible.

Good Time Tours strongly suggests that passengers work with their captains to make the most of their time on the water. A captain can keep to themselves, focusing on their work alone, or they can be a part of the experience, helping passengers decide what to do next or where to go to have more fun. Good captains are usually willing to accommodate all reasonable requests.

Good Time Tours offers customers a choice between the Mayhem Pontoon boat and the Rambunctious Pontoon boat, both of which are designed to accommodate birthday parties, bachelor and bachelorette parties, or for those just looking for an excuse to party on Lake Travis. The boats are legal, inspected and are driven by a licensed captain.

Customers are welcome to email the company or get in touch over the phone to follow up on any further inquiries. More details can also be found on the official Good Time Tours website: https://goodtimeaustin.com/.
