

Zegurdeals.com Launches Brand New Website

November 26, 2015

November 26, 2015 - PRESSADVANTAGE -

A popular online gift shop, Zegur, has been selling their products through Amazon for some time now. They are happy to announce that they have now launched their own website as well, which can be visited on <http://zegurdeals.com/>. To celebrate the launch and the upcoming holiday season, they have made various products available at a 30% discount.

"We have been selling through Amazon for some time now and intend to continue to do so for a lot longer," says Mr. Johnson from Zegur. "However, the downside of Amazon is that it is more difficult for a customer to see all the different products a single shop, like our own, sells. We have now launched our own website listing all of our products, including a 30% celebratory discount."

Those who visit the website and want to make a purchase will continue to be redirected to Amazon. The business wants to continue its professional relationship with the selling platform giant, due to the fact that it offers superior safety and customer service to purchasers. The website shows the various products and a description, as well as currently listing the coupon code that must be entered on checkout for the 30% discount.

All the Zegur products have been very positively received by their many customers. Their travel neck pouch has long been their most popular item. "Very comfortable and held exactly what I needed," says Susan. "If you are considering a private pocket for your monies, documents, passport, etc., this is an excellent choice. It has it all. I received mine and was very impressed with the quality and all it has to offer. It has lots of pockets and a see-through for special identification. It is very lightweight and comfortable making it ideal to wear inside or outside your clothing. I travel a lot and can give this the highest rating."

The flash sale has been launched to coincide with Black Friday and the start of the holiday season. Discounts, therefore, are available for a limited time only and while stocks last. Customers are encouraged to visit the website as soon as possible.
