Another positive review comments on the exceptional customer service, streamlined communication, and helpful staff members. Satisfied customer Kenya Grigsby said, ?A huge THANK YOU to Brandon and staff! Excellent excellent excellent customer service. I received notification a week before delivery date of the container to confirm. I received another text the day before delivery confirming delivery time, date and placement of container. When they arrived with the container at the quoted time, the container was nice and clean on the inside. It even came with a skid mat the length of the container on the inside. The container was not rusted, no squeaky doors. Very nice containers. Travis/Trevor my apologies if I got the name wrong who delivered the container even offered his cell phone number to me if I needed any further assistance with the container after he left. Again, I can?t say enough about the staff and service!?
