

Brooklyn Slip and Fall Lawyer Samantha Kucher Explain What Are Slip and Fall Accidents in New York

December 03, 2022

December 03, 2022 -

Brooklyn slip and fall lawyer Samantha Kucher (https://www.rrklawgroup.com/slip-and-fall-lawyer/) releases a new article explaining the meaning of slip and fall accidents in New York. The lawyer mentions that a slip-and-fall accident is often serious and life-altering. It is important for someone who is hurt in a slip-and-fall accident to seek the help of an experienced slip-and-fall injury lawyer.

?Although a fall accident could be inadvertent, the ones caused by the negligence of another are entirely preventable. Otherwise known as premises liability accidents, these accidents occur on another party?s property due to a dangerous condition. These could occur on public or private property, but the thing that sets them apart is that negligence is a factor in the fall,? says the Brooklyn slip and fall lawyer.

The lawyer explains that there are a few common causes of fall accidents. These causes include slippery flooring, unsecured carpets, loose flooring, unexpected floor transitions, improperly maintained walkways, inadequate lighting, broken stairways, debris, and lack of warning signs and barriers.

Attorney Samantha Kucher adds that negligence can also come into play if the owner or manager knew of the danger and failed to make the appropriate repairs. The National Safety Institute reports that falls are one of the leading causes of emergency room visits each year, accounting for over 8 million emergency room visits.

In the article, attorney Kucher adds that slip and fall accidents can also lead to serious and even devastating injuries. These injuries then cost the victim significant medical costs, lost time from work, and a long time of suffering from pain.

According to the Brooklyn slip and fall lawyer, ?Slip and fall cases are protected under premises liability laws in Brooklyn and New York. These say that a person who owns or is in control of property must use ?reasonable care to keep the premises in a reasonably safe condition for the protection of all persons whose presence is reasonably foreseeable.? When the party that is in control of the property fails to keep it safe, those who are injured have the right to hold them responsible for their damages.?

Lastly, attorney Samantha Kucher emphasizes the importance of having a skilled slip-and-fall accident lawyer when someone has been the victim of an accident caused by someone?s negligence. Having an experienced lawyer may be able to help the victim seek compensation and receive what they deserve for their injuries.
