

Dog Breed Archive Announces The Launch Of New Informational Dog Breed Website

December 13, 2022

Oklahoma City, Oklahoma - December 13, 2022 - PRESSADVANTAGE -

December 2022 marks the launch of DogBreedArchive.com, a revolutionary new website for dog enthusiasts designed to provide comprehensive information about all breeds of dogs. Founded by a group of dog enthusiasts, Dog Breed Archive is an online resource dedicated to helping owners and potential owners understand more about their canine companions. This website is a one-stop shop for every doggie wannabe looking to inform themselves on which breed would suit their lifestyle best. Over 50 dog-related categories ? working dogs, companion dogs, mixed-breed dogs, designer breeds, rare breeds, hybrid vigor, group classifications, and breed standards ? are included in the dog breed archive.

"The DogBreedArchive.com team believes that knowledge can help pet owners make more informed decisions when it comes to choosing the right breed for their family," said Sergio Wrecker, one of the founders of DogBreedArchive.com. "The dog breed archive site strives to provide detailed and accurate information on each breed and access to resources such as breed standards, group classifications, ideal living conditions, and other topics related to responsible ownership."

Dog Breed Archive is a complete source for understanding specific breeds of dogs and the vast differences

between them? from the most common dog breeds to the rarest dog breeds. The website features images of various dog breeds, informative articles about key dog characteristics, dog breed history, temperament, exercise requirements, and other relevant information related to each breed. Users can easily compare different types of dogs before making an informed decision when selecting the one that fits their lifestyle best.

The website also provides resources covering dog breeds recognized by the American Kennel Club (AKC) and the Fédération Cynologique Internationale (FCI), purebred dogs, hybrid vigor, and rare breeds ? all organized in easy-to-navigate categories for users' convenience. In addition, DogBreedArchive.com provides information about the best dogs for families, children, and small apartments, along with helpful information about a variety of dog traits and tips on proper care for all types of canines so people can better understand how dogs should be taken care of throughout their lifetime ? from puppyhood up until old age.

"Dog Breed Archive was created to be an authoritative source of information for anyone looking to learn more about different types of dog breeds, " said Sergio Wrecker. "The goal was to create something comprehensive that would bring together the knowledge acquired through experience in the world of dogs over the years ? something that would benefit both current dog owners as well as those who are looking into getting one ? so they could make more informed decisions when it comes to selecting a new puppy or adult canine companion."

The website offers detailed descriptions and photos of different breeds. It provides insights into their behavior traits, physical features, and health concerns, such as life expectancies for each type. For example, users can find out that Beagles are playful companions with a lifespan between 12-15 years, while Chihuahuas may live up to 20 years if taken care of properly. With its vast collection of information about different types of breeds - DogBreedArchive.com is sure to be a valuable resource for any current or aspiring pet owner seeking reliable information about these beloved animals.
