

Katy TX Podiatrist Obtains Saorsa Swift Wart Removal Technology for Plantar Warts Treatment

January 18, 2023

January 18, 2023 - PRESSADVANTAGE -

Your Total Foot Care Specialist, a podiatry practice in Katy, TX, has announced the availability of a new treatment option for effectively eliminating plantar warts, Saorsa Swift. The Swift machine delivers low dose microwave energy precisely to the affected tissue stimulating an immune response to destroy the virus that causes plantar warts. Each treatment takes less than 10 minutes.

The Saorsa Swift machine is more precise and advanced than other forms of therapy as it does not damage tissue around the affected areas and does not affect surrounding healthy tissue. Microwave energy is extremely safe and has been used successfully in many cancer treatment applications around the world for over 30 years.

Treatment with the Swift technology for plantar warts has been shown to have an 85% efficacy rate. Treatment may result in minor discomfort. Most individuals liken it to a pain similar to an injection or a scratch, lasting 2 ? 3 seconds then quickly subsiding. Most lesions resolve within 2-3 treatments, with gaps of 4 weeks between treatments.

There are no harmful side effects to the Swift treatment. The Saorsa Swift machine has been designed to ensure patient safety with a patented disposable applicator that accurately directs the microwave energy to the affected tissue. To prevent cross-contamination, the Swift machine has a built-in sensor that detects if the tip has been used and needs to be replaced.

Your Total Foot Care Specialist has served Katy, Cypress, and West Houston for over 30 years helping patients with their foot and ankle care. Dr. James M Jacobs, podiatric physician, is the founder and medical director of Your Total Foot Care Specialist. He is focused on the diagnosis, treatment, and prevention of foot and ankle disorders resulting from disease or injury. He is a board certified surgeon by the American Board of Foot and Ankle Surgery. He is also an active member of the American Podiatric Medical Association, the Harris County Podiatric Medical Society, and Texas Podiatric Medical Association.
