CT Metal Roofing Service Provider Gets Five-Star Review

December 28, 2022

December 28, 2022 -
Slavin Home Improvements, a roofing contractor based in Manchester, CT, that serves Central Connecticut, is proud to announce that they have received a five-star review from a customer who was very satisfied with the way they resolved the roof leaks that started in winter. Zak Slavin, founder and owner of Slavin Home Improvements, says, ?We?re certainly proud of the five-star reviews that we keep receiving. They show we have been doing our jobs properly. If you are looking for a roofing contractor in Glastonbury or Manchester CT that has the skill and experience to fix your roof, look no further. We provide solutions that do not only focus on your roof but also your gutters.?

This home improvement company provides full-service roofing, gutter, and siding services in Manchester and neighboring areas in Central Connecticut. Their service area includes Glastonbury, Tolland, West Hartford, Ellington, East Hartford, South Windsor, Vernon, Farmington, Simsbury, Avon, Stafford Springs, Windsor, Marlborough, Enfield, Hebron, Windsor Locks, Andover, Burlington, Colchester, Amston, Middletown, Columbia, Bristol, Newington, New Britain, Berlin, and Southington.

In the above-mentioned Slavin Home Improvements customer review, Sean Silva said, ?Over the course of

the winter, we began experiencing leaks from our sun room ceiling. We called Slavin Home Improvements and Zack was able to quickly locate the source of the leak (broken seal in tar paper) and quote the job within hours of him visiting our residence. Zack was both knowledgeable and transparent throughout the process, noting that leaks like these sometimes result in damage to boards beneath the surface and that he'd be sure to take a look and discuss further. Turns out that was indeed the case, however Zack and his team were prepared and able to fix the issue in less than a half day. We highly recommend Slavin Home Improvements - they were professional, well-priced, and trustworthy throughout the process.?

Slavin Home Improvements provides professional roof replacement, repair, and installation; and gutter repair, protection, and installation services. They will also make sure that the resulting roof and gutter system they provide will boost the curb appeal of the home and that it will last for a long time. They will always provide the best quality roofing, gutters, or sidings, and can ensure this by sourcing their materials from the two leading manufacturers of roofing materials, which are GAF and Owens Corning. GAF is the maker and provider of Timberline HD shingles, which offer the best in performance, aesthetics, and quality. Owens Corning shingles take advantage of the company?s proprietary SureNail Technology which allowed them to have the reputation of providing durable shingles.

The team of experts from Slaving Home Improvements will also ensure that the gutter system they provide will not be damaged by the freezing temperature during heavy snowfalls. And they can also install a seamless gutter installation and they get their gutters from Harvey, which is a reliable gutter systems manufacturer. They can also provide gutter protection, which can help prevent the gutters from getting clogged by falling leaves, debris, and twigs.

Started in 2011, Slavin Home Improvements has evolved into a full-service roofing contractor that can offer complete roofing, gutter, and siding installations or repair. They are fully licensed and insured in the state of Connecticut. Zak Slavin wants to point out that it is their integrity, honesty, and hard work that are key reasons for their success. They always provide the best possible service because of their guiding philosophy that they will always treat each home as if it was their own. They believe this is one of the major reasons many customers have been giving them five-star reviews.

Zak Slavin says, ?Harsh weather and storms are every roof?s worst enemies, especially in Connecticut. You?re a responsible homeowner. Ignoring gutter problems is not the best solution, and you know you need gutter services (we also offer roofing services). If you?re looking for a company you can trust, choose us.?

Those who are looking for CT metal roofing and other related services in Manchester and neighboring areas can visit the Slavin Home Improvements website or contact them on the phone or through email. They are

open from 7:00 am to 5:00 pm, from Monday to Friday.
