The high quality of services provided by Unlocking The Body Massage Therapy has earned the company great praise from their clients. Karlee DeLatte says in her 5-Star Google review, ?My favorite place to get a massage! I haven't encountered a massage therapist that wasn't amazing over the years that I've been visiting. They helped me after a car accident and are great for just a relaxing massage too. They have a great atmosphere and they sell candles that smell amazing! I always recommend them!?

In another review, Angela Maue writes, ?I worked with Janelle to see if I could try manual lymphatic drainage massage on a chronically enlarged lymph node from a past infection. Not only was she very thorough, she also spoke with another specialist about how effective this approach would be. When I showed up for my next appointment, she shared that although MLD is helpful for managing drainage of the area, the actual size of lymph nodes usually holds the shape it has taken. I really appreciated her expertise, seeking out more information on my behalf and for being honest. She let me change my appointment that day to a less expensive therapy so that I saved money. If I have any more MLD needs, I will definitely come back here. Thank you!?
