

Outdoor Lighting Company Blingle Of Overland Park Celebrates Christmas

January 03, 2023

January 03, 2023 - PRESSADVANTAGE -

Bingle Premier Lighting of Lenexa, Kansas is reaching out to local residents to celebrate Christmas and the New Year and share information about their holiday lighting products. The lighting company has established itself as a premier provider of light design and installation services in cities throughout the United States.

A representative for Bingle says, "We wanted to take the time to wish a very merry Christmas and a happy New Year to everyone! We have had a fantastic year serving our customers and adding a splash of brilliance to their holiday decorations, and we look forward to continuing our work in 2023! For anyone who still wants to add some color to your holiday decorations, it's not too late! You can still make your house light up for the new year. Whether you just want to get fancy to celebrate the new year or whether you are looking to install atmospheric lights for your backyard, we have a lighting solution that will heighten the celebration and add a familiar warmth to your location."

Bingle Premier Lighting boasts many years of experience with outdoor lighting installations, and they have helped many households across the country bring the holidays to life. Bingle has provided custom lighting installations to celebrate Halloween, Fourth of July, Valentine's Day, Hanukkah, Christmas and more.

According to the company, every lighting project they undertake follows a detailed and efficient scope to ensure that their client's needs are being met while the work is done right the first time ? from consultation to installation.

The company's lighting design experts will help homeowners choose the look and feel that is the perfect complement to their home or event. Bingle utilizes state-of-the-art computer-based lighting technology to help their clients more easily visualize and customize their lighting project down to the last detail. The company's dedication to innovation and customization at their customers' fingertips has allowed them to stand out amongst their competitors. Bingle also utilizes professional grade lighting products and technology that not only makes any home, business or event shine, but keeps the lights on longer, brighter and more efficient. In addition to their commitment to providing high quality lighting installations, they are also committed to providing a premier customer service experience, by closely working with their clients and providing ongoing support.

The high quality lighting services provided by the company has earned them great praise from homeowners all over the United States. In his review, Jeremy Z. writes, "Ethan from Bingle came out and gave us a quote this last November. He was great at hearing what we wanted and recommended some things for us. Everything turned out great and looked great. We didn't have any problems with any of the lights, and we live on top of a hill so it's pretty windy all the time in the winter. They came out and took everything down in Jan. Very happy with everything and will definitely be using them this Christmas season!"

In another 5-star review, Steve G. says, "My wife and I contacted Bingle Premier Lighting for an installation quote for Christmas lights on our home. Josh personally came to our home to take photos and get measurements. A quote was sent within the hour, and installation took place the next day. We were especially pleased with the installation by Alex and Chance, partly because they had to scale the roof to place lights where we wanted but mostly because they braved brutal cold conditions to complete our project. Their professionalism, skill, kindness and expertise are unmatched. Josh was available for questions and showed us many decorating options. We wholeheartedly and warmly recommend Bingle Premier Lighting, and we plan to use them for all future lighting projects. Our home looks so beautiful with all the lights. Thanks so much."

Those who want to learn more about Bingle Premier Lighting and the full range of products and services provided by the company should visit the company's website. The outdoor lighting company Bingle of Overland Park encourages interested parties to get in touch with a representative via phone for any questions or clarifications.
