McHenry Roofing to Offer Their Services to the Locust Point Neighborhood in Baltimore MD

December 27, 2022

BALTIMORE, MD - December 27, 2022 - PRESSADVANTAGE -

McHenry Roofing, a company based in Baltimore, MD, is happy to announce that they will be providing their roofing services to homeowners at the Locust Point peninsular neighborhood in Baltimore. This community is found in South Baltimore and is completely surrounded by the Locust Point Industrial Area. Its traditional boundaries are the Patapsco River to the north, east, and south and Lawrence Street to the west. It is a harborside area that is known for being home to Fort McHenry, where artillery demonstrations and flag-changing ceremonies are held on the wide lawns. This fort played a vital role in the War of 1812, which was what inspired "The Star-Spangled Banner." Casual seafood restaurants, sports bars, and taverns can be found all over the area.

Joseph Conley, owner of McHenry Roofing, says, "We are a part of the Locust Point community and see our clients as neighbors. If you live in or around the Locust Point area and are in need of a new roof or repairs, please give us a call. We offer free estimates and will work with your schedule to get your home taken care of as quickly as possible. You can also visit our website for more information."

McHenry Roofing can provide flat roof installations; pitch roof installations; commercial roof installations; and more. There are several factors that differentiate them from similar providers of roofing services in the area. These are: same day estimates; the use of superior roofing materials; and the fact that all of their jobs are properly insured and licensed; expert consultations; in-house roofing crews; on-site project manager; and best warranties in the industry. Their team of roofing experts are all insured, licensed, highly trained, and experienced on the latest industry techniques. As such, they can guarantee the quality of their roof installations.

They are the roofing company to go to for those who require new flat roof installation. They can provide both rubber membrane roofing and modified bitumen torch down roofing. Rubber membranes, such as EPDM, are a more costly type of single-ply rolled material that offers excellent durability. This kind of roofing provides both long term and immediate performance. Modified bitumen is a single-ply rolled material provided with a mineral-based wear surface. It is most ideal for those who want a roof that is resistant to weathering and has long-term durability.

They can also provide pitched and asphalt single roof replacements. They offer excellent shingle roof installations with the best quality and long-lasting protection. Homeowners can choose from a variety of options because they carry comprehensive lines of architectural shingles that are made from high quality wood, fiberglass, or asphalt materials.

McHenry Roofing is a roofing company providing a full range of residential and commercial roofing services for more than 27 years. They have the capability to provide the roofing needs of Baltimore residents, such as: pitched roofing; metal roofing; commercial roofing; flat roofing; gutters and downspouts; soffit and fascia repair; gutter guards; skylights and sun tunnels; home insurance coverage; and other related roofing services. Aside from Locust Point, the areas in Baltimore that they serve include Federal Hill, Riverside, Otterbein, South Baltimore, Fells Point, Pigtown, Canton, Upper Fells Point, Hollins Market, Hampden, and Highlandtown.

The quality of the roofing services they provide is reflected in the highly positive reviews they have been receiving. For instance, Stanley T. gave them a five star rating and said, "I hardly ever leave reviews, but McHenry Roofing did an incredible job replacing my roof. Beth was helpful and courteous and did a great job communicating throughout the roofing process. The roofing crew did a terrific job and left the job clean. If you're thinking about getting roofing work done in Locust Point, I definitely recommend McHenry Roofing."

Homeowners and other property owners who are looking for a reliable roofing company in Locust Point and

other communities in Baltimore can visit the McHenry Roofing website or contact them through the phone or via email. They are open from 8:00 am to 6:00 pm, from Monday to Friday.
