Backyard Bug Patrol Thanks Its Customers for a Successful 2022 and Wishes Them a Happy Upcoming Year

December 27, 2022

Great Falls, Virginia - December 27, 2022 -
Great Falls, Virginia?s Backyard Bug Patrol has taken the time to look back on 2022. A year that proved to be a big success for them and its Virginia and Maryland customers that took advantage of the many different quality pest control services that it offers.

The company?s owner, John Mitchell, is not one to overlook the importance of their customers in the business model and that?s why he wanted to take the time to thank them as 2022 comes to a close. Mitchell says, ?We at Backyard Bug Patrol wish our customers and all the residents in the Virginia and Maryland areas that we serve a happy new year. The company is grateful for the opportunity to serve our community in 2022 by keeping homes and businesses in Virginia and Maryland safe from pests and thereby protecting the health and wellbeing of the residents.? He also expressed similar sentiments on the company?s Facebook Page as https://www.facebook.com/BackyardBugPatrol.

Mitchell says that in 2023 their customers can also look forward to the company continuing to improve its already reputable pest control methods and seek out the latest proven developments that come into the pest control marketplace. They look forward to helping their customers enjoy their outdoor environments even more as they continue to offer advanced mosquito and tick control applications. As usual, these will always include plant-based solutions that while being very impactful pose no threat to children or pets.

The company owner added that in 2023 they will not only be offering high-quality pest control services, but they will also continue providing the important and up-to-date information that homeowners need to keep their homes and families safe. One of the ways the company does this is through its blog articles, where it regularly posts useful pest control information. A good example is their latest post where readers can learn more about ticks and how to keep themselves safe from them. The post can be found on the company website at https://backyardbugpatrol.com/tick-control/ticks-are-complex-how-to-keep-safe/. Other blog articles with useful and interesting pest information that the company has posted in 2022 include ?Spider Season? Stay On Top of The Web of Mystery They Seem to Be Spinning?, ?Rodents in the Fall: What You Must Know and Do for Your Environment?, and ?Three Interesting Facts About Mosquito Behavior and Temperatures?.

The company owner also says that no matter what they do regarding the business in 2023, as usual, it will always be done in a way that makes sure their clients are extremely satisfied with their services. Something which, according to the many glowing reviews that have been left on Backyard Bug Control?s services, they have been consistently able to do. Joann Hines stated, ?We have been using Backyard Bug Patrol's mosquito barrier treatments for many years and we've been very pleased with the results! Our backyard used to have so many mosquitoes that our kids would be bitten every time they went outside to play. But Backyard Bug Patrol has drastically reduced the number of mosquitoes and gnats in our backyard so that my kids now enjoy being outside again! We added the Backyard Bug Patrol rodent bait services, and it too has proven impactful as it has gotten rid of our problems with mice in our house.? Shauna Shapiro shared, ?Backyard Bug Patrol is the third and final mosquito service we have used. The organic spray they use is nontoxic for our dogs, smells great, and works like a charm. They are always on time, respond to emails and/or phone calls quickly, and always let me know beforehand when they are coming. We are so glad we finally found them and recommend them to everybody we know.?

These 5-star reviews and many more like them can be seen on the company?s Google Maps Business listing at https://goo.gl/maps/6zRWtU89Ri82. A listing where Backyard Bug Control has an impressive average review score of 4.9 out of a possible 5 stars. More on the proven interior and exterior pest control methods that Backyard Bug Control offers can be obtained by calling them, sending the company an email, or by referring to its website.
