

Expert Managed IT Services 1ix Network Solutions Announces Moving Their Office To Peachtree Corners, GA

November 23, 2015

November 23, 2015 - PRESSADVANTAGE -

In a strategic relocation of the company's working area, the managed IT services experts, 1iX Network Solutions announced they have moved to Peachtree Corners, GA. Serving small and mid-sized businesses for all kinds of IT needs, the locally owned and operated company has been in business since 1996. The move is being considered as a strategic step to facilitate their clients and reach them more easily to benefit from their services.

The announcement of the move was made by company CEO Deborah Phillipeck who considers it a positive step towards servicing their clients and making things much easier for them. The company said that they commit to provide their clients with the highest level of managed IT services as they measure their success on the satisfaction level of their clients. The move is another step to make the experience more comfortable.

Serving small and mid-sized businesses, 1iX Network Solutions provides complete IT solutions that include on-site and remote support, spam and virus protection, strategic planning and design, proactive support, maintenance and response. The Microsoft certified company specializes in working with small businesses with 2-100 systems and providing them cost effective IT support and expert Microsoft and Mac support.

As Deborah stated while making the announcement of their move, "We help good businesses become great by providing superior IT support and thus, an edge over the competition." She said that clients choose them for their service, value, experience and they have been delivering exceptional results for 20 years. By making the move, they wish to get a step closer to their clients and serve them better.
