Off-Island Dental Handles Common Dental Emergencies

December 30, 2022

December 30, 2022 -
Bluffton, SC - Off-Island Dental Care is conveniently located in Bluffton, South Carolina, for people in need of emergency dentistry services.

Off-Island Dental serves the most common Dental Emergencies. These include toothaches, which may be accompanied by swelling and require immediate care. Typically, dental injuries cause toothaches. In addition, teeth fractures need professional assistance and may necessitate clinic-based treatment.

Broken crowns and fillings also necessitate emergency dental care to prevent more damage. Therefore, an expert such as Off-Island Dental must be consulted to restore it. In addition to being unpleasant, broken orthodontics should prompt an immediate trip to the dentist because it can lead to infections in the mouth, swollen teeth or gums, bleeding, or pain.

The dental professional also recommends a clinic visit when a periodontal abscess occurs. It happens when bacteria get into teeth and cause dental infections, usually caused by a cavity or injury. It can start small but grows over time. If left untreated, it can cause permanent damage to the tooth and result in tooth extraction.

Off-Island Dental is prepared to deal with these Dental Emergencies in Bluffton, SC. In addition, the dental

clinic offers a comprehensive variety of services, from simple prophylaxis to sophisticated oral surgery. The dental clinic serving patients in Bluffton, Hilton Head, and Okatie, SC has maintained a good reputation in family and cosmetic dentistry.

General dentistry is among their most in-demand treatments. Their general dentistry service begins with a comprehensive examination of the client's teeth and gums for signs of dental caries, gum disease, and other potential health problems. It is performed using dental x-rays, which enable dentists to observe what is happening beneath the teeth and gums' surface.

Composite fillings, same-day crowns, full and partial dentures, teeth whitening, and TMJ therapy are among the common dental services they offer. In addition, Off-Island Dental provides a variety of cosmetic dentistry therapies, such as microabrasion, veneers, and clear removable braces. They also provide specialty dentistry services such as dental implants, crowns, bridges, root canal therapy, oral surgery, oral hygiene, and gum disease treatment.

Off-Island Dental Care assures dental proficiency due to its years of experience. Heading the clinic is Dr. Michael David Langehans, an award-winning dental professional. Dr. Langehans has a reputation for helping his patients achieve "the perfect smile" by restoring missing and damaged teeth.
