The company holds a 5 out of 5 possible stars on its Google Maps Business Listing. Happy customer Lionel Finley said, "Awesome experience! I needed a dumpster quickly with same-day delivery and Rex made it happen. The area was a tight fit with hanging wires from the street, so we required a company with a dumpster on wheels, no pun intended. It also helped that people could not recognize this as a dumpster, so there was no communal trash going into it from other folks. Great experience and I'll definitely use them again on our building projects and I have already recommended them to other companies and real estate investors in our arena."

A separate 5-star review left by John Ozgunduz commented on the company's flexible scheduling options. John said, ?I had two homes we were changing roofs on, and I needed a dumpster quick. it was a challenge since the dumpster had to be moved from one location to the other on short notice. They made it happen even though my guys didn't follow the schedule. He was out there at 9 pm moving the dumpster. Job well done. I have already recommended them to my other clients. Thank you very much for making the process go smoothly. It was a pleasure working with you guys." The spokesperson for this family-owned and operated business, Rex Harris, said, ?I smile bigger than usual when our customers take so much time to thank us for helping them out with a last-minute dumpster request. The reason for that is I do not consider this going out of our way to help them at all. To me, it?s just a routine part of what we do. All I ask in return is that our customers remember what we did for them the next time they need a dumpster rental.?
