

## **Murfreesboro Dumpster Rental Service Provider Dumpsters On Demand Now Offering Junk Removal**

*January 16, 2023*

January 16, 2023 - PRESSADVANTAGE -

Murfreesboro, Tennessee's Dumpsters On Demand has long been providing quality dumpster rental services to customers in Nashville, TN, and surrounding communities. The company is well-known in the area for its quick response times and excellent customer service when providing roll-off dumpster rental options. The company recently added junk removal services to its all-inclusive waste disposal offerings, an option being availed by homeowners, contractors, property managers, social organizations, and business owners that don't have time or resources to load and haul junk away. Clients who schedule this service with the company will have a truck and crew from Dumpsters On Demand show up at their property at a scheduled time and that crew will load and haul away that customer's unwanted items and waste. More information on how this company's junk removal services work can be viewed on its website at <https://www.dumpstersondemandllc.com/>.

The owner of Dumpsters On Demand, Benjamin Blaylock, said, "When I first started in the dumpster rental business, I was approached all the time by customers to see if I knew of anyone that would load the dumpsters for them. This might have been older adults who were not capable of doing the job themselves, businesses that were short on manpower, or customers that simply didn't have the time to load their junk into

a dumpster themselves. Being the ambitious, driven, and hardworking self-starter I am, it became a no-brainer for me to start offering junk removal services in addition to our heavy-duty roll-off bins.?

Blaylock went on to discuss how the company's junk removal services operate. Customers can navigate to the company's website and click on the "Junk Removal" tab to pick a date from the calendar, as well as a two-hour window. The Dumpsters On Demand junk specialists will then call the customer 15 minutes before their arrival to provide a no-obligation, on-site estimate. If the customer agrees with the price point, the specialists will begin loading the junk and haul it away. The company works in accordance with all local waste disposal regulations and makes every effort to recycle or repurpose unwanted materials whenever possible. Interested parties are encouraged to visit the company website and click on the "Junk Pricing Guide" for an estimate of how much a specific project will cost based on the truckload.

Reviews gleaned from Dumpsters On Demand's Google Maps Business listing at <https://goo.gl/maps/Y8cqWT1Jqj3wZ2Dk8> indicate that customers are often very pleased with the company's junk removal service. Kari Mayer said, "We called Ben to clean out our one-car garage that was filled with junk. We are more than pleased with his service!! He was super easy to communicate with, showed up when he said he would, and got the job done very efficiently. He even organized what we were keeping into the corner and swept the floor! We will definitely contact Ben with anything in the future and would certainly recommend him to anyone needing similar services!?" Isaac Alvarado wrote, "Quick and excellent service! We had to have some debris removed from our church property and within a couple of hours, his crew arrived and had it all cleared up! They were patient and understanding of our situation! I'd recommend these guys to anybody. Thanks!?"

The company has 15-yard roll-off dumpsters available to rent for customers that don't mind loading the trash and junk they need to remove themselves on a short-term or ongoing basis. The company offers flexible scheduling options and notes that roll-off rentals are great for those that need refrigerator disposal, general garbage removal, mattress disposal, e-waste removal, or yard or construction waste disposed of efficiently and safely. The company delivers dumpsters for those that are taking on attic, garage, basement, or foreclosure cleanouts.

Those interested in scheduling a junk removal consultation or renting a dumpster are encouraged to visit the company website or contact the staff directly via phone or email. More information about Dumpsters On Demand's services can also be viewed on its Facebook Page at <https://www.facebook.com/DODNashville>.
