

## **New Big Door Stops Appear To Have The Desired Clearance To Hold Back Any Door**

*December 09, 2015*

December 09, 2015 - PRESSADVANTAGE -

Auckland, New Zealand - With the growing need for safety from banging doors, SuperiorMaker has devised door stops before and have been very successful on the popular shopping site Amazon.com. With innovation and passion for perfection SuperiorMaker came up with a new design doorstops to hold heavy doors from schools and churches with more clearance from the ground. Making this places safer for rowdy kids who can't wait to rush out the doors.

The new big door stops from SuperiorMaker are optimally sized to hold most dimensions of a big and heavy doors. These big door stops are ideal to securely grip doors at the home, office, schools and even church with a larger floor clearance. The new size dimensions of the big door stops have been getting a lot of positive feedback from shoppers, who seem delighted with the item.

According to a representative from SuperiorMaker, "The big door stops are durable and long-lasting, making them able to be used outside, they are perfect for securing doors open for children and pets, to pin back

doors in hallways that are breezy.?

The big door stops are conveniently packaged in a set of three. They are manufactured with a special low profile tip design to ensure maximum entry under doors that have little clearance from the floor, including those on carpeted floors with very little ground clearance. The big door stops efficiently secure doors open or closed, without causing damages to the floor. The big door stops are made from a state of the art rubber that is non-scratching, unlike door stops made from other materials.

The big door stops are rated at 4.7 out of 5 on the Amazon customer rating chart. The door stops have a majority of 88 percent of customers giving the product the 5-star rating. A rating reserved for only the top quality products. Stan Islav in his 5-star review said the big door stops are impeccable, "I'm so happy with my purchase. We had problems with softer doorstops that kept slipping about, but these grip really well, and hold the door securely, even in the gusty breeze we get through our house. I have an older house with hardwood floors and a lot of doors. These help keep the kids from slamming the doors since they can't close them with a stopper in place. I would buy again. Great product for such a good price.?"

The big door stops from SuperiorMaker are currently available on Amazon. Each purchase is backed by a no hassle 100 percent money back guarantee. Orders of the product qualifies the customer for two free homecare eBooks.
