Jacobs Low Price Auto Glass Offers the Best Dallas Windshield Replacement Services

January 17, 2023

January 17, 2023 -

Jacobs Low Price Auto Glass, a family owned and operated business in Dallas, TX, wants to emphasize that they offer the best Dallas windshield replacement services in the area. This is evidenced by the large number of highly positive reviews they have been receiving from customers. After accumulating more than 500 reviews on Google, they have an overall rating of 4.8 out of 5 stars. This is not a mean feat for a business and they want to point out that this is due to their strong focus on customer satisfaction.

In a recent review, Brandi S. gave them a five star rating and said, ?Being a Saab owner, I'm extremely picky as to whom I allow to work on my car. Jacob's Low Price Auto Glass came highly recommended by my neighbor who had used them for 3 of their vehicles. What a Godsend! I was previously quoted by other companies of close to $300 for a front windshield which was an absolute joke. I walked out of here paying $195. They were a pleasure to do business with and efficient as well. I will continue to recommend them to others and always keep them in mind if the need may ever arise again. Thanks again.?

Thomas, a spokesperson for Jacobs Low Price Auto Glass, says, ?We take the satisfaction of our customers very seriously. That is why we have been receiving a large number of five star reviews from satisfied

customers. We love to have the feedback so we know our customers are 100 percent satisfied with the service they received before leaving the shop.?

Their primary service is windshield replacement in Dallas and surrounding areas. Those who have a cracked or chipped auto glass can have their windshield replaced with Jacobs Low Price Auto Glass offering the best possible prices and the best customer service. There are many factors that make their services stand out among other providers in the area. First of all, they offer the best quality windshield replacement products, unlike other low-cost auto glass shops. They fully understand that a car is one of the biggest investments that a person may have, which is why they always use the best quality products when replacing or repairing the windshield. Another good reason to choose Jacobs Low Price Auto Glass is that they ensure their technicians are adequately trained in the most advanced techniques for windshield replacement or repair. And lastly, they offer the best prices for windshield replacement.

Thomas says, ?If you?re not sure whether your windshield needs replacement or not, give us a call and we can help. Some minor cracks and chips can be repaired, but any damage to the windshield of your car can affect the integrity of the safety features of your car's windshield. Additionally, there are some laws relating to whether your cracked windshield is legal that may help you decide whether or not windshield replacement Dallas is the right option for you.?

In the State of Texas, there are no regulations governing cracks in the windshield. Also, vehicles can still pass mandatory inspections even if there are cracks in the windshield. However, any crack that results in the auto glass changing in shape, making it more concave or convex, is not allowed. And any cracks that impede the driver?s clear view can be grounds for a police officer to stop the vehicle.

Started in 2000, Jacobs Low Price Auto Glass is a family owned and operated auto glass repair shop. During their many years of operation, they have experienced working on practically every kind of vehicle on the market. They have made it their daily goal to provide the best windshield repair or replacement at the best possible prices. And they also offer a 100 percent customer satisfaction guarantee. It is therefore not hard to explain why they are considered to be the best provider of windshield replacement and repair in the Dallas area.

Those who are interested in learning more about the windshield replacement and repair services provided can check out the Jacobs Low Price Auto Glass website or contact them on the phone or through email. They are open from 8:30 am to 5:00 pm, from Monday to Saturday.
