Electrician Company in Perth Receives Several Five Star Reviews

January 23, 2023

January 23, 2023 -
Electrical Bros Perth, a company offering the services of an electrician in Perth, WA, is proud to announce that they have recently received several highly positive reviews. This electrical services firm provides electricians who will always strive to surpass customer expectations whatever the size of the electrical work to be done. They have been receiving a large number of positive reviews from satisfied customers and they have an overall rating of 4.9 out of 5 stars on Google after getting more than 120 reviews. There are a number of factors that make Electrical Bros different from other electrical service providers. These include their: on-time promise; culture of caring; triple checking; lifetime warranty; and 24/7 on-call services.

In one of the recent reviews, Jacob T. gave them a five star rating and said, ?Nick G and Nick LDC were very pleasant and courteous, worked cohesively as a team, and were very neat and tidy. They had the old oven out and the new one installed very quickly. We appreciated our old oven and the packaging from the new oven being taken away. Thank you.?

In another recent five star review, Herta S. said, ?Great to finally find a good electrician. Tyler was very professional, knowledgeable and did a fantastic job. He was also very polite and friendly. Will definitely be using him again and recommending him to others. Thanks so much Tyler.?

Atticus D., in another recent five star review for Electrical Bros Perth said, ?Nick and Michael arrived at the estimated time and were friendly and helpful. They installed our oven correctly and took the old one away and cleaned up after themselves. Very impressed with their service.?

They are ready to provide a reliable residential electrician in Perth. Electrical services include: safety inspections; electrical rewiring; emergency electrical services; outdoor lighting; LED lighting; ceiling fan and exhausting fan installation; emergency lighting; power points; security lighting; switches and dimmers; switchboard updates; RCD safety switches; hot plate and ovens; feature lighting; and more. For commercial

electrical services in Perth, they can provide emergency services; data and communication cabling; floodlighting; smart wiring systems; scheduled maintenance programs; and improvement of power factor.

They want to emphasise that the Electrical Bros Perth team is setting a standard for master electricians. Stefan is one of the owners and a co-founder of Electrical Bros. He was previously the owner and operator of Oz West Electrical, which was merged in 2021 to form Electrical Bros. Michael has a lot of experience as an electrician, having more than 8 years of experience on the tools. He was formerly the operations manager for an electrical and plumbing company, which provided him with a lot of knowledge and experience in electrical maintenance. Angelo is a seasoned electrician, with more than 10 years of experience on the tools. Sean is an onsite team member and so is Brody. Devin is an electrician with over 7 years of experience. He enjoys doing the technical aspects of his job, such as finding and fixing electrical faults. Jason has been an electrician during his whole working life and his goal is to become the best electrician. Jake is a fully qualified tradesman and he enjoys working as an electrician for new home builds. Chloe previously ran her own cosmetic tattoo business but is now a passionate member of the admin team of Electrical Bros. Tyler and Nick are new but worthy contributors to the team.

Electrical Bros Perth was established in 2021 as a result of a merger, to provide effective electrical solutions for residential, commercial, and industrial buildings. They have developed a reputation of being a trusted electrical services provider in Perth and surrounding areas. Those who are interested in learning more about the services provided by a residential or commercial electrician in Perth can check out the Electrical Bros Perth website or contact them on the phone or through email. They can be contacted 24 hours a day at any day of the week.
