

Reel Zinger Fishing Charters Extends Services To Topsail Beach & Surf City

January 19, 2023

January 19, 2023 -

Reel Zinger Fishing Charters Topsail is expanding to provide fishing charter services in Topsail Beach and Surf City due to popular demand. The company is based out of Wilmington and has been providing charter fishing services to interested parties since its inception.

Company owner Captain Bryce says, "We have been doing charters in Wilmington for a while now, and it has been really popular with the crowd. Recently, the demand for charters has been increasing in the Carolinas, and to that end, we are proud to say that Reel Zinger Fishing Charters can now be found in Topsail Beach and Surf City!"

The company will offer their Full and Half Day charters for both in-shore fishing and off-shore fishing off the Carolina Coast. Depending on the charter booked, Captain Bryce and his crew will take their clients to the best local fishing spots found in the area. According to the company, common fish found in this area include Redfish, Black Drum, Bluefin and Yellowfin Tuna, Wahoo, White Marlin, Mahi Mahi, Spanish and King

Mackerel, Amberjack and Striped Bass.

Captain Bryce says, "A fishing charter can be a thrilling adventure for your whole family. The Topsail Beach and Surf City areas not only have an abundance of world-class fishing spots and a variety of fish to catch, but it also has every type of hotel accommodation, cuisine, restaurants and nightlife you could want! Get in touch with us today, and we can talk about your next big fish and tall tales adventure!"

Those who are interested in booking fishing charters with Reel Zinger can do so very easily via the form on the company's website. Users simply need to select the service they want, pick an available date and time, enter the relevant details and then pay a deposit.

The team at Reel Zinger Fishing Charters loves what their job entails and fish tournament-style on every trip. They are proud of their reputation and want to show everyone how sporty fishing can be. As an owner-operated company, Reel Zinger Fishing Charters takes their reputation seriously, unlike many multi-boat operations.

While it may be cheaper to hire head boat charters, that business model emphasizes fuel savings, bait and returning to the dock. However, the team at Reel Zinger Fishing Charters takes a different approach. Captain Bryce says, "We like to punch it right to the fish point and use all of the techniques that are available to get you on the fish. We can planer fish, shipwreck fish and troll depending on the season and weather conditions. We have fine-tuned each technique, and we have a team of experienced crew who utilize top-of the-line equipment. This allows us to catch fish by only doing what is necessary and not just what is convenient. We keep a positive attitude, and teamwork is paramount!"

Reel Zinger Fishing Charters boasts a custom-rigged 25' Parker Twin Motor Deep V Hull (for near-shore and off-shore fishing) and a 18' bay boat (for inshore fishing). While tournament fishing may seem intimidating at first glance, the team assures that they are dedicated to helping even the most novice anglers get the hang of it. From the moment the company is booked, it makes the safety, comfort, enjoyment and satisfaction of their clients their top priority.

According to the company, there are many variables involved in sportfishing in the Topsail Beach and Surf City area. Weather patterns, currents, winds and other conditions are notorious for constantly being in flux, and these factors have to be taken into consideration (along with the customer's preferences).

Anyone interested in reel fishing in North Carolina should visit the Reel Zinger Fishing Charters company website for more information. They may also get in touch with Captain Bryce via phone or email. Reel Zinger

Fishing Charters also maintains a social media presence where they post pictures and share updates from their fishing charters.
