

Commercial Landscaping Provider in Pembroke Pines Gets Another Five Star Review

January 24, 2023

Pembroke Pines, Florida - January 24, 2023 -

EPS Landscaping & Tree Service LLC, a company located in Pembroke Pines, FL, is proud to announce that they have recently garnered another five star review from a satisfied customer. Greg O'Connell, co-owner of EPS Landscaping & Tree Service LLC, says, "Our mission at EPS Landscaping & Tree Service LLC is simple We value your time and money. We will do everything possible to ensure you are satisfied with the services we provide you on a timely, professional and courteous manner. That's why we really take notice when we get another highly positive review. It means we have been doing the right things and our customers can rest assured we will continue to do."

In the recent five star review, the customer who used a code name said, "We have had a great experience with EPS Landscaping. Jessica and Greg are easy to communicate with and their crew is great. They do a good job cutting, edging, and trimming. They always clean up before they leave the property. Love the billing system allowing payments online."

One of their services that they have recently highlighted is their commercial landscaping services, which include: landscape installation; hardscaping; pool landscaping; tropical landscaping; and landscape maintenance. The EPS professional landscapers provide a range of benefits for business owners. One such benefit is the custom-fitted landscape design because they will definitely be basing the design on the client's idea of the overall appearance of the landscape. The second advantage is the color scheme for the landscaping that will be developed by their team of designers in close collaboration with the client in selecting the specific colors and kinds of plants and flowers that will be included in the landscape design. Third, they will make sure that the landscape design will be using innovative ideas to have a highly functional outdoor space that is both trendy and attractive. Fourth, they will ensure that the landscape services are offered at a reasonable price. And finally, their 20+ years of experience can ensure that the commercial landscape will be really effective.

They also offer various kinds of tree services because trees are an integral part of the landscape, particularly for homes in Pembroke Pines and Broward County. In addition, trees can provide different kinds of advantages for people and the environment. These include air purification, reducing stormwater runoff, habitat creation, noise reduction, and carbon dioxide fixation for photosynthesis. That is why it is important to keep the trees healthy, including palm trees, which are usually found in homes in Pembroke Pines.

EPS can also provide irrigation and sprinkler systems for the client to ensure sufficient water for the trees and plants. The professionals and specialists from EPS will go to the home and conduct a survey of the property before they begin installing an irrigation system. A lawn sprinkler system may also be suggested to make sure the grass and garden beds will have enough water while at the same time saving time for the homeowner with regards to lawn care tasks. They can also provide lawn maintenance service, which is an essential task in having a healthy and really attractive lawn.

EPS Landscaping & Tree Service is a family owned and operated business that has been a provider of tree care, lawn care, and landscaping services in the Broward County area for more than 20 years. They always strive to offer their services at affordable prices while not compromising on the quality of their services. Their services are available in Broward County, including the Southwest Ranches, Hallandale Beach, Hollywood, Coral Springs, Dania Beach, Fort Lauderdale, Deerfield Beach, Pembroke Pines, and Pompano Beach.

Those who are looking for reliable provider of landscape design in Southwest Ranches and in other areas in Broward County can visit the EPS Landscaping & Tree Service website or contact them through the phone or by email. They are open from 8:00 am to 6:00 pm, from Monday to Friday, and from 8:00 am to 3:00 pm on Saturdays.
