

Bling Premier Lighting Is Katy Texas's Premier Outdoor Lighting Company

January 26, 2023

January 26, 2023 - PRESSADVANTAGE -

Bling Premier Lighting in Katy, TX, is excited to announce that residents of Katy and surrounding areas can rely on their outdoor lighting services to beautify and enliven the outdoor areas of their homes and buildings. They are capable of providing a broad range of lighting alternatives. These include: low voltage LED lighting; residential lighting; dock lighting; landscape lighting; string lighting; deck outdoor living lighting; patio chandeliers; accent lights; accessibility lighting; and path lights.

A spokesperson for Bling in Katy says, "Every lighting project at Bling follows a simple, guided process to ensure our customers get what they want. We aim to help the process flow smoothly from the first consultation to installation. We know the holidays are the busiest time of year for many people, so we aim to be as informative and efficient about our process as possible to save everyone time."

The process starts with a design consultation that can be done in person or virtually with one of the Bling design specialists. The designer will work with the client to fully understand the kind of lighting project that is desired and may provide some recommendations on how to go about with the project based on their past experience. After the consultation, the designer will provide the client with digital images of how the property

would look like if the lighting project had been implemented to provide the client with a visual representation of the finished product before making any commitments.

The next step in the Blingle Premier Lighting process is the lighting demonstration. They will use the digital photos provided and create a computer-based lighting demo for the client. At this particular point in time, they can make some adjustments to make sure that clients really get what they want. After the demo, a written proposal is provided that contains a price estimate and the services that will be provided. If the client wants to make some changes to be made to the proposed plan, these can be made before proceeding.

After the written proposal has been accepted by the client, Blingle will provide a contract for the project and then schedule the installation. This is followed by the actual lighting installation by their lighting experts. It is recommended that the client be present when they start the installation to make sure that they will be able to find all the necessary outlets. But it is not necessary for the client to be present on-site for the whole project. Next, they will provide maintenance services for the lighting installation. They offer both product warranties and workmanship warranties. In case there are any issues, their lighting experts will troubleshoot at no additional cost for the client. And finally, they will take down the lighting installation after the project has been completed.

Blingle in Lakewood Ranch, FL is owned and managed by Perla Lerma, who immediately realized the opportunity of having her own exterior light franchise. She brings more than 10 years of leadership experience to Blingle and she is excited to help in the brightening of homes, buildings, events, and gatherings in the West Houston community, using high quality products and installations.

Perla Lerma says, "Community isn't just at the core of why we do what we do at Blingle! It's the life and soul of our operations. Making events and spaces lively and bright isn't possible without a community dedicated to fellowship and a compassion for others. Our community members, neighbors, and friends coming together in the name of celebration and unity not only gives us business opportunities, but a chance to help turn your event or home into an unforgettable experience. So, host that business outing. Invite that neighbor to the barbecue. Celebrate that birthday. We can't wait to help you elevate the experience along the way."

Those who would like to know more about Katy Texas's premier outdoor lighting company can visit the Blingle Premier Lighting website or contact them on the phone or through email. They are open from 8:00 am to 6:00 pm, from Monday to Sunday.
