

Dentist Sam Roberts Takes Over Sunshine Coast Dental Office

December 04, 2015

December 04, 2015 -

Dr. Sam Roberts has taken control of Hinterland Dental in Cooroy, Queensland, Australia, which is known to have the best dentist Sunshine Coast has to offer. Dr. Roberts will be keeping the staff members already employed at the clinic and he has promoted Dr. Bronwyn Ahern to senior dentist. The services provided at Hinterland Dental will remain unchanged and patients will continue to be able to enjoy the same high level of personal care and attention.

"I had worked as a dentist for Hinterland Dental for some time," says Dr. Roberts. "When the previous owner retired they had to look for somebody to take over and I was so happy to have been in a position to take over the ownership of the clinic. I will continue working with the team that is already in place, so there will be no disruption in providing services to the patients whatsoever."

One thing that Dr. Roberts immediately implemented was to ensure each member of the staff will have their own areas of specialization. This is to ensure that when it comes to dental services Sunshine Coast residents are assured they are in good hands. As for himself, he will be focusing on cosmetic and implant dentistry, oral surgery, general anesthetic treatment, removal of wisdom teeth, and the use of lasers to treat oral issues. Dr.

Bronwyn Ahern, the new senior dentist, will concentrate on providing services for building up worn dentition, the treatment of nervous patients with 'happy gas', and periodontic care. Dr. Eve Burbridge will be treat nervous patients with happy gas, focus on elderly people and those with periodontal disease and will offer general restorative dentistry. Finally, Dr. Deb Kerridge will focus on preventive dentistry, periodontic care, children's dental care, and aged dental care.

In addition, Hinterland Dental is also known to be the best emergency dentist Sunshine Coast has to offer. "When my teeth broke, I was in absolute agony," says one patient. "I was worried that I would get a quick fix solution that meant I would need to return again and again. I was very much relieved when I received the full treatment I needed to solve the problem I had with my broken teeth."
