A lot of Arlington customers have left excellent reviews of the store already, praising the excellent customer service and the quality products Artisan supplies.

?I love this shop,? says M. Drake in a 5-Star review. ?Great selection of juice (50-60 I think from just glancing at the display), all their lines are made in a lab up in Irving. Competitive pricing on juices, mods, RDAs, the whole nine. Callie, Ryan, Fred and Austin are all cool people, very knowledgeable, and I haven't seen a customer walk in without being greeted, even if there's already 4 people being helped with one guy on duty. This is by far my favorite shop in Arlington in every way.?

Another customer, B. Bearden, says about the store, ?The team here is great. Greg is always on his game. He is very knowledgeable about their products and super friendly. He is even super knowledgeable about vape products that they don't sell and always will to help with anything. The third time I visited this location, Greg greeted me by name and even remembered my wife and my juice flavors. I have dealt with several of their other team members at this location, and they all have been super friendly. I passed up 4 vape stores, that I have visited in the past, on my way to this location because of the service and quality of their products. I have and will continue to recommend this place to anyone who vapes or is looking to switch from cigarettes to vaping.?
