Revitalize You MD Receives Five Star Review for Testosterone Replacement Therapy Service

January 31, 2023

January 31, 2023 -
Revitalize You MD, a medical spa in Roswell, GA, is proud to announce that they have recently received a five star review for their testosterone replacement therapy (TRT) service. As people age, their hormone levels decline. For men over 45 years old, the ratio of those who have low testosterone levels is approximately 4 out of 10. And it has also been noted that obesity and diabetes may be linked to low testosterone levels in men. Lower testosterone levels may have several symptoms, such as: an irritable or depressed mood; low iron levels and anemia; lesser energy; reduced erection strength and frequency; low sexual drive; more body fat; calcium loss from bones; and weak muscles and reduced strength. At the med spa, they treat low testosterone with bioidentical hormone replacement therapy (BHRT), which employs processed hormones from plants.

In the above-mentioned review, Spencer C. said, ?I have been going to this credible establishment for sometime! After researching for TRT, I decided to go with this company. They are very knowledgeable, professional and personable people. I highly recommend them to any who is interested in Botox injections, TRT and other products and services. They are also a Military/Veteran Friendly organization.?

Aside from the effects of aging, low testosterone levels may also be due to a condition known as hypogonadism, which is a dysfunction of the testicles that results into an abnormally low level of testosterone. Whatever the cause of the low testosterone level, this can be treated with TRT, which may also help older men reduce their risk of type 2 diabetes, stroke, and heart disease because their metabolism is better regulated.

When a patient visits Revitalize You MD, the medical staff will first evaluate the patient?s specific needs before providing BHRT. This therapy uses bioidentical hormones, which are hormones from plants that are chemically identical to the hormones that the body produces. These hormones are usually obtained from yam and soy. They will also make sure to treat the patient based on the specific imbalance. They will usually begin

with a lower dose and gradually increase it as necessary.

They can recommend long term therapy for men as long as there is no underlying medical condition that is causing the low testosterone levels, such as the usual problems with the adrenal gland, thyroid gland, or pituitary gland. Also, BHRT is considered to be not ideal for patients who have a history of blood clots, has untreated high blood pressure, or has liver disease.

Rachael Clark, a spokesperson for Revitalize You MD, says, ?Growing older doesn?t have to feel like a chore; step up your game and renew your body at Revitalize You MD. Aside from bioidentical hormone replacement therapy, we offer a number of medical and aesthetic procedures, including Botox, IV therapy, weight loss protocol, Juvederm, microneedling, and P-shots. As the top med spa, our experts guarantee to deliver safe, optimal results at every session.?

Established in 2018 by George Williams and Dr. Jonathan DiRuzzo, Revitalize You MD helps to improve the health of patients by offering treatments for the chronic conditions that are linked to the aging process. George Williams is currently the CEO while Dr. DiRuzzo is the medical director for the med spa. The treatments they provide include hormone replacement therapy, immune boosting IV infusion treatments, Botox, free B-12 injection with full panel testosterone level check, sexual wellness, Dysport, Jeuveau, dermal fillers, and skin rejuvenation. They offer their services to Roswell, GA and surrounding areas, including: Woodstock, GA; Sandy Plains, GA; Powers Park, GA; Avery, GA; Willow Creek, GA; Holly Springs, GA; Cumming, GA; Hickory Flat, GA; Milton, GA; Peachtree Corners, GA; East Cobb, GA; Johns Creek, GA; Sandy Springs, GA; Norcross, GA; and Big Creek, GA; and Marietta, GA.

Those who would like to know more about testosterone therapy in Roswell and the other services offered at Revitalize You MD can check out their website or contact them through the telephone or via email. They are open from 9:00 am to 5:00 pm, from Monday to Friday.
