

# Glowing Chain Link Fence Installation Reviews Continue to be the Norm for OKC Contractor

*January 26, 2023*

January 26, 2023 -

Arrow Fence and Shelter LLC is a Blanchard, OK-based contractor that takes much pride in offering 5-star service to it its customers. Its exceptional customer service when combined with its fence installation prowess and the fact it?s a contractor that only uses quality fencing materials has helped make Arrow Fence and Shelter one of the most highly rated Oklahoma City area fence companies. This is especially true when it comes to chain link fence design and installation. Here are some examples of the types of glowing reviews that the company typically receives after a chain link fence project has been completed. Janice Oldham wrote, ?I am very pleased with our new fence. The black chain link blends in nicely so it doesn?t ruin the view of our property. The men who installed it were very polite and worked hard to make it look very nice.? Aaron Mercer stated, ?They installed a beautiful black chain link fence for me quickly and exactly as I wanted! This company is very customer focused and I would highly recommend them.?

A company representative says, ?The reason that we are so good at satisfying our customers when it comes to installing a chain link fence is because of the tried-and-true process that we use to get that type of fence installation work done.? A process that starts once a customer enquires about Arrow Fence and Shelter LLC?s chank link fencing work. He stated that they will first set up an inspection of a customer?s yard at a

time that is convenient for the customer. They will first listen to a customer?s ideas and desires for their chain link fencing project and then the company?s representative will make suggestions based on the company?s many years of experience in the fencing industry. The representative will also go over fence placement, fence color options, and where gates and other fencing features will be added. This will be quickly followed up with a detailed and accurate estimate for the project. Once an estimate has been accepted then Arrow Fence and Shelter LLC will schedule a start date and take charge of making sure the chain link fence supplies required for the job are delivered on time. The company spokesperson also says that their customers can expect their chain link fencing project to be completed as promised and no job the company does is ever considered finished until a thorough cleanup of the work area has been done.

The company?s reputation is equally impressive when it comes to installing chain link fencing in combination with other services that they offer such as privacy fence installation and shelter building. Buanita Woods proclaimed, ?I had a storm shelter, privacy fence, and black chain link fencing installed by this company and I couldn?t be happier! Shawn was quick to get me an estimate and installment dates. I wasn?t sure what size shelter I wanted, so he invited me to look at the one in his yard and another one nearby so I could make the best decision for my family. As a single woman, I appreciate the professionalism and the quality of the work. All employees also worked very long and hard hours to complete the project. I definitely recommend Shawn and Arrow Fencing.?

The company representative admitted that 5-star reviews are never the end goal of what they do but they realize these will naturally come when they treat a customer the right way, do quality work, and complete projects on budget and promptly. That is something that the company has become known for doing time and time again. He mentioned that in addition to chain link and privacy fencing, they at Arrow Fence and Shelter LLC are also well respected for their cedar, ornamental iron, vinyl fences, traditional wood, vinyl, split rail, and aluminum fence and gate work. It?s a company that also specializes in dog fencing and can do all types of gate and fence repair work. Those in Oklahoma City and the surrounding areas that would like more information on the gate, fence, and shelter building services that Arrow Fence and Shelter LLC offers can contact the company by phone or refer to its website.
