

## **Sacramento Tree Professionals Introduces 2 New Bucket Trucks to Help Homeowners Save on Tree Trimming**

*January 27, 2023*

Sacramento, California - January 27, 2023 - PRESSADVANTAGE -

Sacramento, California?Sacramento Tree Professionals, a local provider of tree care services, announced that they have acquired two new bucket trucks. The addition of the trucks will significantly help the business meet the tree care needs of their residential customers in the area. Also, by reducing the time spent on each tree, the bucket trucks will reportedly reduce the cost of trimming and pruning.

Duygu Bagdu, CEO of Sacramento Tree Professionals, commented: "We are pleased to introduce our two new bucket trucks. Homeowners can save money on tree trimming and pruning services with this new equipment. We're excited to offer them even more convenience and value."

Sacramento Tree Professionals serves the entire Sacramento area with a wide range of tree care services. The company offers tree trimming, pruning, removal, and maintenance services. The company has more than 20 years of experience in the tree care industry and is owned and operated by a certified arborist.

Adding the two new bucket trucks will improve their ability to meet their customers' needs. The trucks enable Sacramento Tree Professionals to reach higher branches and other difficult-to-reach places that require a safe and elevated platform. This will allow the company to provide more efficient and effective customer service. The new equipment will also enable the company to expand its services and offer its customers a more comprehensive range of services.

The purchase of the new bucket trucks marks an important milestone for Sacramento Tree Professionals as they look to continue providing exceptional service to their residential customers. The company is dedicated to providing its customers with top-notch services, and the acquisition of these two new bucket trucks is a testament to their commitment. In addition, the company is committed to providing the highest level of customer satisfaction and quality workmanship.

Sacramento Tree Professionals is not only committed to providing excellent tree care services but also to promoting sustainable tree care practices. The company's certified arborist ensures that the company's services are in line with the best industry standards, ensuring that the trees are healthy and safe for the community.

The company understands the importance of trees in the community and their role in the environment. They are dedicated to promoting the health and well-being of trees in the area, and their commitment to sustainability is evident in their services. The company takes pride in providing high-quality tree care services while protecting the environment.

"We are committed to making our services accessible to all homeowners in Sacramento," said Duygu Bagdu. "The new bucket trucks will move the company closer to achieving this goal. Our tree pruners and trimmers will spend less time on each tree trimming or pruning procedure. The lesser time we spend on each tree, the lesser money our customers will have to spend on the procedure. Therefore, these new tools will make tree trimming and pruning more accessible to homeowners, irrespective of the financial bracket they are in right now."

Sacramento Tree professionals' commitment to customer service is evident in how they handle their clients; from the initial consultation to the completion of the job, they ensure that all their customers are satisfied with the work done. In addition, the company's experienced and knowledgeable staff is always available to answer any questions or concerns about trees. Adding the two new bucket trucks will also go a long way in ensuring customer satisfaction, as the company will now be able to generate better results with tree trimming and

pruning.

Sacramento Tree Professionals' base of operation sits at 5815 Muldrow Rd Sacramento, CA, 95841. Homeowners can, however, reach the company at +1 916-713-3925.
