Expert Arborists at Pflugerville Tree Experts Successfully Transplant 100-Year-Old Oak Tree

January 30, 2023

January 30, 2023 -
Pflugerville, TX ? Pflugerville Tree Experts, a leading provider of professional tree care services, is proud to announce the successful transplantation of a 100-year-old oak tree. This operation is a testament to the company's commitment to providing innovative solutions that preserve heritage trees and enhance canopy cover in the community.

The 100-year-old oak tree was in the way of a planned development project, and rather than cutting it down, the community reached out to Pflugerville Tree Experts for help relocating the tree. The company has a team of experienced arborists who specialize in moving heritage trees and transplanting them to new locations.

"The greatest reward on this job was seeing the community's response," said Turnip Djuan, CEO of Pflugerville Tree Experts. "The residents turned out to watch the process and were delighted to have the old oak relocated without losing it forever. It's a win for everyone."

Pflugerville Tree Experts is dedicated to providing exceptional customer service, using their vast knowledge and experience in arboriculture, combined with cutting-edge transplanting methods to safely and successfully move large trees. The team of arborists is highly trained and experienced in the art of tree transplantation. They understand that every tree is unique and, therefore, take the time to assess each tree before they begin transplantation properly. This ensures that the tree will have the best chance of survival in its new location. They also use the latest technology and equipment to minimize stress on the tree during the move.

Djuan went on to say, "We are honored to be able to connect people with nature and preserve heritage trees

for future generations to enjoy. We understand that these trees are not just a part of our community's history but also provide important ecological benefits such as shade, oxygen, and habitat for wildlife. We are dedicated to preserving these trees and helping our clients maintain a healthy ecosystem."

Pflugerville Tree Experts also offers various tree care services, including tree pruning, tree removal, tree planting, and stump grinding. They understand that each tree is different and requires a different approach to care. Therefore, they work closely with their clients to understand their specific needs and develop customized plans to ensure the health and longevity of their trees.

In addition to providing exceptional tree care services, Pflugerville Tree Experts is also committed to being environmentally conscious. They recycle all wood debris and make sure to minimize the impact of their operations on the environment. They also educate their clients on how to care for their trees and maintain a healthy ecosystem properly.

Pflugerville Tree Experts has operated in Pflugerville for the past 20+ years. During this time, the company's CEO notes that his team has saved thousands of trees from unnecessary removal. In addition to transplanting trees in the way of property development projects, the company reportedly fixes damaged trees, saving them from being eliminated from commercial and residential properties.

The company's arborists have also managed to save hundreds of trees infested by pests and infected by diseases. As a result, the company plans to keep reducing the number of trees removed from Pflugerville in the coming years.
