Bluffton, SC - Vanguard Online Marketing (VOM), a full-service digital marketing agency based in Bluffton, South Carolina, says businesses are now spending more on online marketing with the hopes of a wider reach and bigger revenues.

The Marketing Agency in Hilton Head, SC adds that digital marketing is more cost-effective than traditional. Online marketing services cost a fraction of the price of traditional marketing methods like print or TV. Content marketing, for example, is three times less expensive than traditional marketing. For this reason, businesses are allocating more budgets to advertising via email, social media, and SEO-driven content marketing.

Aside from being reasonably priced, a digital marketing strategy promises a stronger return on investment. This is because digital marketing targets the right audience.

Online marketing tools also make monitoring and tracking a business' digital activities easier. Vanguard Online Marketing says online tools produce real-time data that helps analyze and monitor a digital campaign's

success and enables businesses to maximize their marketing expenditure.
