A Better Garage Door Company, Inc is pleased to announce that they are offering garage door repair in Phoenix and surrounding areas for most major brands. These services include: garage door and opener replacements; repair of broken roller, hinges, and bent tracks; broken spring and frayed cable replacement; damage section/ panel repair or replacement; one-piece door hardware replacement; resetting of off track or crooked garage doors; installation of keyless entry; remote control repair or replacement; lube, tune, service, and inspections; replacement of starting capacitor; circuit board and receive replacements; gear kit replacements; and reprogramming of remotes and keyless entry devices. They can handle the repair needs for most major brands, such as LiftMaster, Chamberlain, Sears Craftsman, Genie, First United Door Technologies, Anozira Door Systems, Amarr Garage Doors, C.H.I. Overhead Doors, and Clopay Garage Doors.

Matt Vallejos from A Better Garage Door Company says, ?We use high-quality products ranging from basic steel garage doors, carriage house doors, and wood overlay doors. We can help make your house stand out with one of the many designs and styles available. Our knowledgeable employees are prompt, courteous, honest and competitively priced. We use quality parts and warranty all of our work. And we pride ourselves

on being able to repair most makes & models of garage doors and garage door openers.?

Aside from their large collection of garage doors, they also carry a wide range of residential garage door openers made by Liftmaster, such as the Elite Series and the Premium Series.

Started in 1995, A Better Garage Door Company, Inc is family owned and operated, and their staff are all experienced in residential garage door and opener repair and installations. They take pride in their record with the Arizona Registrar of Contractors (ROC) and the Better Business Bureau (BBB). They mainly serve the East Valley (Mesa, Chandler, Tempe, Gilbert, Apache Junction, Gold Canyon, and Queen Creek), Scottsdale and Central Phoenix, including Ahwatukee.

Meanwhile, they have been receiving a lot of highly positive reviews from customers on Angie?s List. For instance, Melanie in Mesa said, ?A part on my garage door screw drive was faulty. This company responded very quickly and replaced the part that cannot be bought at home repair stores. While he did make recommendations for replacement or repairs that may be needed in the future, he didn?t make the ?hard sell?. Very professional, on time, and no ?hard sell? for things that may be needed in the future. I?m very satisfied with the entire experience.? Robert in Chandler said, ?They reset the door on the track, and solved the root cause problems of spring tension and track alignment. It went very well. The technician was very professional and did an excellent job.?

Jules in Mesa said, ?Door off track. My garage door, over the years, occasionally fell off the tracks and most recently it took 4-6 times to force the opener to close the door fully. A sagging worn out door was the problem, causing stress on the motor. The technician said he could fix it. A brace was added to the door and a thorough tune-up was done. The door works great! I first thought I would need a new motor, but after going with his advice I saved a couple hundred bucks! He was very knowledgeable, answering all my questions with friendly explanations?rather than one word answers.?

Joseph in Gilbert said, ?Replaced both torsion springs, replaced screw drive carriage. Excellent service all around. I described problem over phone, got quoted reasonable estimate, technician was here within 2 hours. He also fixed 2nd door which was off the roller for no charge. Very personable and professional. I?ll surely go back to him when my opener eventually needs replacement. I give him 5 stars. Highly recommended!?

Those who are looking for garage door installers in Central Phoenix and neighboring areas can check out the website of A Better Garage Door Company or contact them on the phone or through email. They are open from 8:00am to 5:00pm, from Monday to Friday.
