Dental implants are a permanent solution to missing or lost teeth that feel and look like natural teeth. They are also strong and durable, allowing patients to eat and speak confidently. With dental implants, patients can enjoy improved oral health, enhanced appearance, improved speech, and durability. There are several types of dental implants available in Perth, including endosteal implants, subperiosteal implants, all-on-four dental implants, and mini dental implants.

Patients who are missing teeth may be a good candidate for dental implants. Dr Kent Tan, a top-tier dentist who places 500-1000 dental implants annually, will assess each patient's oral health and jawbone to determine if dental implants are a viable option. During the consultation, Dr Tan will address any concerns the patient may have and go over the available treatment options.

At Belmont Dental Surgery Clinic, the team understands that dental treatments can be costly and that's why they offer financing solutions to make dental implant treatment more affordable. With a commitment to providing the best possible oral health care options, the clinic works closely with dental specialists to ensure that their patients receive the best possible care.

The clinic has been owned and operated by Dr. Ben Campbell since 2000 and has been built on providing high-quality general dentistry in a friendly, relaxed environment. With a focus on doing the basics and doing them well, the clinic provides a full range of general dental services and is dedicated to providing their patients with a solid foundation for their oral health.

The team at Belmont Dental Surgery Clinic is friendly and professional, and they strive to create a good working relationship between patients and their dentist. By doing so, they hope to benefit the patient's oral and general health.

In conclusion, Belmont Dental Surgery Clinic is proud to offer high-quality dental implants in Perth at an affordable price. With a team of experienced and skilled dental professionals, the clinic is dedicated to providing top-notch dental treatments to help patients achieve a healthy and beautiful smile.

The clinic is open Monday to Thursday from 8am to 6pm, Friday from 8am to 4pm, and Saturday from 8am to 1pm. Patients can schedule an appointment by calling (08) 9277 3837 or by visiting the clinic located at 171 Belmont Avenue, Belmont WA 6104.
