February 06, 2023 -

Augusta, Georgia-based Dumpee Dumpsters is thrilled to announce a new addition to its full range of waste disposal services. The company now offers convenient and competitively priced junk removal options, along with dumpster rentals in Augusta, Georgia, and surrounding areas. Interested parties are encouraged to visit the company website to view the junk removal pricing guide and schedule a no-obligation estimate.

The company has built a positive reputation by providing commercial-grade, driveway-friendly roll-off bins to support a wide range of waste removal projects for residential and commercial clientele. Customers use the company?s fleet of heavy-duty bins to safely and efficiently contain and haul away waste long-term, whether removing flooring or cabinetry during a home remodeling project, decluttering a two-car garage, or cleaning up bulky debris from a commercial demolition site.

Dumpee Dumpster?s junk removal services allow customers to focus on more important aspects of the task at hand while the company?s experienced and professional team handles the heavy lifting of hauling off

unwanted debris or items. Owner Kendrick Lee noted how the company?s versatile and all-inclusive services help meet a broader scope of project goals, big and small. ?With the addition of our junk removal services, customers can rest assured that their cleanout, construction, landscaping, roofing, or remodeling jobs will be handled with care,? Kendrick said. ?We now have the staffing, equipment, and skill to ensure that no matter what your project goal is, Dumpee Dumpsters is the one to call.?

Kendrick continues by noting how helpful and reliable the company?s junk hauling services are. ?Sometimes you just don?t have the time or manpower to remove heavy furniture, broken appliances, or unwanted junk yourself,? Kendrick said. ?That?s where our team comes in to help save you money and effort by showing up at your property or work site to quickly remove any debris or garbage on your behalf.?

The company?s modern, user-friendly website allows interested parties to learn more about the junk removal process and price point. Those who are seeking more information about the cost of the company?s waste removal services can navigate to the ?Junk Pricing Guide? page to view the interactive estimated pricing options, broken down by the truckload or by item. Items that fill one-fourth of the truck (approximately two pickup truck loads) are estimated to cost between $175 and $239. Items that fill one-half of the truck (approximately four pickup truck loads) are estimated to cost between $299 and $349. Items that fill three-fourths of the truck (approximately six pickup truck loads) are estimated to cost between $399 and $475. Items that fill the entirety of the truck (approximately eight pickup truck loads) are estimated to cost between $499 and $599. The help of a junk removal specialist is included in the base price.

Interested parties can also break down the estimated pricing by item, including couches and chairs, tables and dressers, electronics, appliances, mattresses, and miscellaneous items. Singular price points vary based on the size and type of item.

The company encourages anyone interested in booking its services to schedule a no-obligation, hassle-free on-site estimate to better determine the exact cost and timeframe of the project. The company will arrive at your property or work site during the timeframe specified, review the items that need to be hauled, and provide an instant estimate. The customer can then decide if they would like the Dumpee Dumpsters team to begin the process.

Those interested in learning more about the company?s dumpster rental options or scheduling a junk hauling consultation can visit the company website to schedule an appointment or contact the team directly via phone or email.
