The A-Team Calgary has proven to be one of the most reliable means of help for those looking to buy or sell a home in its area of Alberta. Much of this is due to the vast amount of area real estate knowledge that this team's members possess. Because of its reputation for doing Calgary real estate the right way, the company has been tasked with helping sell property in some prime real estate areas. A good example is a recent listing that The A-Team-Calgary announced on its Facebook Page at https://www.facebook.com/ateamcalgary/posts/pfbid032f6BZZusFAczWhXieFZQAB65MVbak8AxdeRX2es3ed3yHs6xqccRZrk4cwfJbZfSl.

Tom Albrecht, who is the half of this husband-and-wife real estate team tasked with helping clients buy and sell Calgary homes, says, ?There are few areas in Calgary more popular than Signal Hill. That?s why anytime we have a client ask us to list a property there, we don?t expect it to be on the market for long.? He went on to say that much of Signal Hill?s popularity has to do with it being a setting that offers the best of both worlds to those that live there. For those that like a little more peaceful and serene area, popular attractions such as Battalion Park and the beautiful foothills on its western edge offer that. Residents who like a little more action have plenty of restaurant, shopping, and nightlife options to choose from and the Grey

Eagle Resort & Casino is just a few minutes away.

Albrecht went on to say that the property in this new Signal Hill listing is located at 7239 Sierra Morena Blvd. SW #204. It?s a 1,014 Sq.Ft. luxury condo unit that features 2 bedrooms and 2 baths. This unit is located in the Sierras adult living community and was built in 1995. Its prime location is just a few minutes from the Signal Hill shopping and many other area attractions. He stated that some of its highlight features include an underground parking stall in the heated parkade, a storage locker at the back of the stall, quartz countertops, and recently installed stainless steel appliances. There are also dual walk-in closets in the master bedroom, an in-suite laundry room with storage, and an enclosed balcony area that can pass for a sunroom. This deluxe condo unit with an open floorplan also boasts a very spacious 15`0" x 20`5" living room and an elevator. Those that have used the home finding and selling services that The A-Team-Calgary offers often leave very positive reviews about that experience. Ashley Momney proclaimed, ?Our family bought our first home! Tom made everything stress free. We were in Ontario and needed to relocate to Calgary for work. We purchased our first home via video chat?that may sound scary, but Tom made it easy. We are now watching our children play in their first backyard with our husky and it?s a beautiful thing to see. None of it would be possible without the hard work and dedication of the A-Team. If you aren?t working with A-Team for buying or selling?you?re doing it wrong. Thank you times a million! Forever thankful!? Zabrina Cornelisse stated, ?Tom is hands down the best agent we have ever worked with. We were relocating from another province, and he made sure that we were confident in our purchase by making us aware of the ins and outs of different locations in Calgary. Tom always looked out for our best interests and provided very valuable insights. Tom was very easy to reach when needed and we were very impressed with the level of organization and help beyond the acceptance of our offer.?
