

New Purchases for a Company that Runs Fishing Charters Out of Carolina Beach will Put Anglers on Top of Fish Faster

February 13, 2023

February 13, 2023 -
Reel Zinger Fishing Charters of Wilmington is known for helping those it hosts for a day have a great time ocean fishing. That includes getting its customers to prime fishing spots as fast as possible and then quickly finding where the fish are in those areas. Now Reel Zinger Fishing Charters will be able to do that even better than before because the ocean fishing charter company has just announced the investment into an impressive new fishing boat, and the acquisition of state-of-the-art fish-finding equipment.

The charter fishing service?s experienced captain, Bryce Willis, says, ?It?s no secret that those we host for a day of fun ocean fishing want to spend less time getting to and finding fish and more time reeling in some big ones. Now we will be able to do that even faster than before. That?s because we have recently made significant investments in a top-of-the-line fishing boat and the latest electronic fish-finding equipment.?

Captain Willis went on to say that their new boat is a Parker 25' deep V hull with twin outboard motors. Parker

Offshore boats have long been a favorite of the most experienced fishing charter captains in the Outer Banks and Southeast North Carolina for many years now. He mentioned that twin outboard motors will definitely get their guests on Offshore fishing charters to prime fishing areas much faster than they expected. It was also pointed out that getting to the bountiful Carolina coast fishing areas quickly is only half the battle. Once they arrive, Reel Zinger?s captain says that his crew's experience combined with their new fish-finding equipment will do the rest. Equipment which he says is sophisticated enough that they should be able to tell the species and size of fish that appear on the screen. At the very least, it enables the crew to narrow it down to a few possible types of fish.

They will use their new boat to go after such fun fish to catch as Redfish, Black Drum, Bluefin & Yellowfin Tuna, Wahoo, Mahi Mahi, Spanish and King Mackerel fishing, Amberjack, Striped Bass, and more. Captain Willis added that there is also a big misconception that good fishing off the coast of North Carolina can only be had in the warmer months. He stated that is not the case and they run fun and successful fishing excursions at all different times of the year. Something that the captain is happy to discuss further with those that would like to book a late winter or early spring fishing trip. It was also brought up that their new purchases did not start and end with new fish-finding equipment and a new boat either.

Reel Zinger Fishing Charters Carolina Beach also has acquired several new types of rods and reels that will enable their customers to find options that provide more enjoyment and challenges for them. The company also reaffirmed its commitment to always keeping safety at the forefront with the purchase of a new advanced FLIR (Forward Looking Infrared) system. A system that allows for safer navigation even under lower visibility conditions. Reel Zinger?s captain emphasized that they would continue to do whatever it takes to make groups that charter fishing excursions with them have as much fun as possible.

Those that have booked fishing charters Wilmington NC with Reel Zinger?s often rate that experience very favorably. Kallie Cook stated, ?Captain Bryce was fantastic! He took us trolling for Spanish Mackerel first and then bottom fishing! My kids enjoyed it so much! Beautiful well-kept boat and gear! We will definitely be booking again with Reel Zinger!? Lance King proclaimed, ?We had the best experience with Reel Zinger fishing charters in Wilmington NC. The boat was amazing, well-kept and the equipment top-notch. I enjoyed myself a lot with them. If you want to have fun fishing and catch a ton, hire these guys.?
