February 13, 2023 - PRESSADVANTAGE -

Milton, Washington-based Fluffy Bunnies Cleaning Service is a company that has established a solid reputation with its Tacoma area residential and commercial clients. This is due not only to the thorough way its cleaning teams go about doing their jobs but also because of the high level of customer service that its employees display at all times. This combination continues to earn this reputable maid service an impressive string of 5-star reviews. The latest of which lauds its apartment cleaning service.

In this newly received review, Douglas Little states, "I had an amazing experience with the cleaners from Fluffy Bunnies cleaning Services; they were professional and so thorough too. My apartment looks better than it did when I moved in!" A spokesperson for the company, Edelen Anne Mercader, says that apartment cleaning just happens to be one of their specialties. She says that she is not surprised they get so many requests for this type of cleaning task because apartments are much more demanding to clean than most people realize. That's because people tend to be fooled by the fact that apartments are smaller than most homes. This can be a double-edged sword when it comes to cleaning because the smaller living space in an apartment gets used much more often and, in turn, gets much dirtier faster than the more spread-out living

spaces in homes. That means it takes experienced cleaning crews such as they have to get clean an apartment cleaned properly.

Apartment cleaning is not the only type of job that Fluffy Bunnies Cleaning Service often gets glowing reviews for. Anthony David stated this about the company's home cleaning service, "Fantastic service! They cleaned above and beyond the standard. My home smelled clean and looked brand new as if I was moving in for the 1st time. New home purchaser Mona King proclaimed this about Fluffy Bunnies deep house cleaning, "We recently moved into our new place and unfortunately, the place needed some deep cleaning. I called Edelen on the day we moved in, and she was able to add us to her schedule for next-day service. The cleaning crew was very professional and did a really good job. I highly recommend Edelen and Fluffy Bunnies LLC." Amber Swanson applauded the company's moving-out cleans, "Fluffy Bunnies Cleaning Service is the best! They were professional, affordable, easy to book, fast, and efficient. If you are looking for a friendly and helpful cleaning company to get your move-out cleaning taken care of in no time like I did, you're going to want to give them a call as they will not disappoint. Thanks again Fluffy Bunnies Cleaning Service for such a great experience."

Mercader went on to say that while they don't have an end goal of getting 5-star reviews from customers, they know if they do the cleaning services that they provide the right way they will come. Something that requires going beyond just thorough cleaning and exceptional customer care. The crew at Fluffy Bunnies also make it very easy to avail of the many different cleaning services that they offer. It all starts with a commercial or residential cleaning customer being able to conveniently book a service right on their website. She stated that's as simple as a client going to their website and typing in their zip code, selecting the type of cleaning service they want, the frequency the cleaning needs to be done, and some basic information about the office space or residence that the cleaning will be done at. Once this information has been input, a customer can then select from a list of non-standard cleaning add-ons such as window, baseboard, inside cabinet, and refrigerator cleanings. After this takes place, a client can then choose an available date and book the service.

The spokesperson for this bonded and insured company mentioned that once a date has been chosen for cleaning, the customer can sit back and relax and let the company's experienced maid crews handle it from there.
