

Geelong Conveyancer Undertakes Website Enhancement

February 13, 2023

February 13, 2023 -
Southeastern VIC-based conveyancing firm LEAD Conveyancing Geelong was happy to share on Monday that it has recently modified its website to make it more accessible and easier to utilise by prospective clients. The site added some features and improved existing services, so visitors will find it uncomplicated and might explore longer than expected. For more information about LEAD Conveyancing Geelong, visit their official website.

One of the newly added software made the website accessible by any device, whether laptops, phones, desktops or tablets. Now, clients can access the firm's website anytime, anywhere, and with any gadget. The software made it easy to access worldwide, a significant change for the firm's future. Rapid Response Functionality is the name of the said software.

Another added feature is the software called Look Ahead Navigation, a program that allows website users to achieve something in a shortened process. It is a beneficial operating system for clients as it will enable them

to gather more information about the firm in a shorter period. It is time-efficient and will make site visitors want to explore more since it makes browsing easier.

The only existing website feature that the firm modified was its Cart Functionality program. They improved it to make requesting free conveyancing quotes through email faster. The ordering process is now streamlined, simultaneously making it more straightforward and effective. Requesting quotes via email might take less than 20 seconds, a faster duration than the previous one.

The website improvement was included as one of the firm's lists of plans for 2023. They have decided to commit to it immediately to know if it will be successful, so another modification might occur if they are unsatisfied with its output. Their aim in improving it is to serve people better and boost their sales. Other plans could be to enhance it more depending on the result of its improvement for the first months.

Trinh Thai, Legal Director and Solicitor of LEAD Conveyancing Geelong, expressed her happiness by delivering a heartfelt speech during the firm's website enhancement celebration. "I am happy because, after all the struggles we have faced during the planning and execution of this project, we are now ready to show it to the people. I want to thank all the people who were part of this brilliant activity. Without you guys, I do not think it would be possible to create such amazing things. This milestone is not my achievement nor yours; this is our joint effort achievement."

As a conveyancing firm that constantly strives to be the best, LEAD Conveyancing Geelong still has many plans to ensure the satisfaction of its future clients. This project is just the tip of the iceberg, said the confident and determined legal services company. They want to execute their plans as soon as possible to get results instantly. For interested people who want further details about the company's range of services and operations across Australia, visit the official LEAD Conveyancing Geelong website.
