

AutoLeap to Host Amplify 2023: The First Virtual Auto Repair Conference of its Kind

February 16, 2023

Toronto, Ontario - February 16, 2023 - PRESSADVANTAGE -

AutoLeap, a cloud-based auto repair shop management software, will host the auto repair industry's biggest virtual conference, Amplify 2023, on March 24.

The conference will feature 12 industry experts, various seasoned shop owners, partner associations and training institutes. Event sessions will focus on the Essentials of Growth and cover key industry topics such as how to prepare for EVs, manage auto repair KPIs, and drive an A+ customer experience. Attendees will also have the opportunity to network with peers, participate in fun games and win amazing prizes.

"We are thrilled to host this first-of-its-kind virtual conference for auto repair shop owners," said Rameez Ansari and Steve Lau, co-founders and co-CEOs of AutoLeap, in a joint statement. "Amplify 2023 provides attendees with a unique opportunity to learn from top experts and gain valuable insights on how to grow their businesses. This event will be an absolute game-changer for the automotive aftermarket industry."

Auto repair shop owners interested in attending Amplify 2023 can register for the conference [here](#).
